## INDEPENDENT AUDITORS' REPORT

Honorable Ralph DLG. Torres  
Governor  
Commonwealth of the Northern Mariana Islands:

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Commonwealth of the Northern Mariana Islands (CNMI) as of and for the year ended September 30, 2016, and the related notes to the financial statements. We were engaged to audit the financial statements of the aggregate discretely presented component units. These financial statements collectively comprise the CNMI's basic financial statements as set forth in Section III of the foregoing table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Marianas Public Land Trust, the Northern Marianas College, the Public School System, and the Marianas Visitors Authority, which represent 46%, 50% and 72%, respectively, of the assets and deferred outflows of resources, net position and operating revenues of the CNMI's discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the Marianas Public Land Trust, the Northern Marianas College, the Public School System, and the Marianas Visitors Authority, is based on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Summary of Opinions**

<b>Opinion Unit</b>	<b>Type of Opinion</b>
Governmental Activities	Adverse
Aggregate Discretely Presented Component Units	Adverse
Each Major Governmental Fund	Unmodified
Aggregate Remaining Fund Information	Adverse

***Basis for Adverse Opinions on the Governmental Activities, the Aggregate Discretely Presented Component Units, and the Aggregate Remaining Fund Information***

Management has not adopted Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions* and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, which were effective October 1, 2014. As discussed in note 1 to the financial statements, the CNMI has not recorded pension expense and related net pension asset or liability, deferred inflows of resources and deferred outflows of resources as of and for the year ended September 30, 2016. GASB Statements No. 68 and No. 71 require an employer to recognize its proportionate share of the collective pension expense, as well as the net pension asset or liability, deferred outflows of resources and deferred inflows of resources. The amount by which this departure would affect the assets and deferred outflows of resources, liabilities and deferred inflows of resources, net position and expenses of the governmental activities has not been determined.

Further, the discretely presented component units' column do not include the financial statements of the Commonwealth Development Authority, the Commonwealth Utilities Corporation, and the Commonwealth Healthcare Corporation, and the aggregate remaining fund information do not include the financial statements of the Northern Mariana Islands Settlement Fund. Accounting principles generally accepted in the United States of America require the financial statements of the Commonwealth Development Authority, the Commonwealth Utilities Corporation, the Commonwealth Healthcare Corporation, and the Northern Mariana Islands Settlement Fund be reported with the financial data of the CNMI's primary government unless the CNMI also issues financial statements for the financial reporting entity that include the financial data for its component units. The CNMI has not issued such reporting entities' financial statements. Because of the departure from accounting principles generally accepted in the United States of America, the assets, liabilities, net position/fund balances, revenues, and expenses/expenditures of the discretely presented component units' column and the aggregate remaining fund information could not be determined.

**Adverse Opinions**

In our opinion, because of the significance of the matters discussed in the "Basis for Adverse Opinion on the Governmental Activities, the Aggregate Discretely Presented Component Units and the Aggregate Remaining Fund Information" paragraph, the financial statements referred to above do not present fairly, the respective financial position of the governmental activities, the aggregate discretely presented component units, and the aggregate remaining fund information of the CNMI as of September 30, 2016, or the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Unmodified Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund of the CNMI as of September 30, 2016, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## ***Emphasis-of-Matters***

### *Implementation of New Accounting Standards*

As discussed in note 1 to the financial statements, the CNMI adopted GASB Statement No. 72, *Fair Value Measurement and Application*, effective October 1, 2015.

### *Correction of Errors*

As discussed in note 18 to the financial statements, the beginning fund deficit of the General Fund and the beginning net position of the aggregate discretely presented component units have been restated for the correction of errors.

### *Going Concern*

The CNMI's plans regarding its General Fund deficit position and the related governmental activities net deficiency position are described in note 15 to the financial statements.

Our opinion is not modified with respect to these matters.

## ***Other Matters***

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5 through 11 and the Schedule of Revenues, Expenditures, and Changes in Deficit - Budget and Actual - General Fund and notes thereto, as set forth in Section IV of the foregoing table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. Management has omitted the Schedule of Proportionate Share of the Net Pension Liability and the Schedule of Pension Contributions that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by GASB who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

## *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the CNMI's basic financial statements. The Other Supplementary Information, as set forth in Section V of the foregoing table of contents, is presented for purposes of additional analysis and are not a required part of the basic financial statements. The Other Supplementary Information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Other Supplementary Information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated July 27, 2017 on our consideration of the CNMI's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the CNMI's internal control over financial reporting and compliance.

## Management's Discussion and Analysis (MD&A) Year Ended September 30, 2016

Our discussion and analysis of the Commonwealth of the Northern Mariana Islands (the CNMI) financial performance provides an overview of the CNMI's financial activities for the fiscal year ended September 30, 2016. Please read it in conjunction with the CNMI's financial statements, which follow this section. Fiscal year 2015 comparative information has been included where appropriate for comparative purposes.

### FINANCIAL HIGHLIGHTS

- For the fiscal year ended September 30, 2016, the CNMI's total deficit net position decreased by \$80.7 million, to a deficit net position of \$134.7 million, which represents a decrease of approximately 37.4% from the deficit net position at the beginning of the year.
- During the year, the CNMI's expenses for governmental activities were \$308.3 million, including expenses recorded for payments made or due to the autonomous agencies, and were funded in part by program revenues of \$159.0 million, and further funded with taxes and other general revenues that totaled \$230.9 million. The difference between total revenues of \$389.9 million less a special item of \$1.0 million and total expenses of \$308.3 million resulted in an \$80.7 million decrease in deficit net position.
- At September 30, 2016, the General Fund reported an unassigned fund deficit of \$76.5 million, which is a decrease in the unassigned fund deficit of 21.8% from the prior year's reported unassigned fund deficit of \$97.8 million.
- For budgetary reporting purposes, General Fund actual revenues were higher than final estimates by \$20.8 million, or 11.4%, while actual expenditures exceeded final estimated appropriations by \$17.9 million, or 9.8%. These amounts do not include transfers to and from other funds, nor do they include the receipt or use of long-term debt proceeds.

### OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements presented herein include all of the activities of the CNMI and its component units using the integrated approach as prescribed by GASB Statement No. 34. Included in this report are government-wide statements for the governmental activities of the CNMI, along with the CNMI's discretely presented component units. The government-wide financial statements present the complete financial picture of the CNMI from the economic resources measurement focus using the accrual basis of accounting. These statements include all assets of the CNMI (including infrastructure capital assets) as well as all liabilities (including all long-term debt).

#### Reporting the CNMI as a Whole

##### *The Statement of Net Position and the Statement of Activities*

One of the most frequently asked questions about the CNMI's finances is, "Has the CNMI's overall financial condition improved, declined or remained steady over the past year?" The Statement of Net Position and the Statement of Activities report information about the CNMI as a whole and about its activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two government-wide statements report the CNMI's net position and changes in them from the prior year. You can think of the CNMI's net position - the difference between assets and liabilities - as one way to measure the CNMI's financial condition or position. Over time, increases or decreases in the CNMI's net position are indicators of whether its financial health is improving, deteriorating, or remaining steady. However, you must consider other nonfinancial factors, such as changes in the CNMI's tax base, the condition of the CNMI's roads and infrastructure, and the quality of services to assess the overall health and performance of the CNMI.

As mentioned above in the Statement of Net Position and the Statement of Activities, we divide the CNMI into two kinds of activities:

- Governmental activities - Most of the CNMI's basic services are reported here, including public safety, general administration, streets and parks. Income taxes, business gross receipt taxes, other taxes and fees, fines, and federal grants finance most of these activities.
- Discretely presented component units - These account for activities of the CNMI's reporting entities that do not meet the criteria for blending within the CNMI's primary government. These discretely presented component units are often referred to as autonomous agencies.

## **Reporting the CNMI's Most Significant Funds**

### ***Fund Financial Statements***

The fund financial statements provide detailed information about the most significant funds - not the CNMI as a whole. Some funds are required to be established by law or regulation and by bond covenants. However, management establishes many other funds to help it control and manage money for particular purposes or to show that it is meeting legal responsibilities for using certain taxes, grants and other monies.

*Governmental funds* - Most of the CNMI's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the CNMI's general government operations and the basic service it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the CNMI's programs. The differences of results in the Governmental Fund financial statements to those in the Government-Wide financial statements are explained in a reconciliation following each Governmental Fund financial statement.

*Fiduciary funds* - The CNMI is responsible for assets that - because of a trust arrangement or other fiduciary requirement - can be used only for trust beneficiaries or others parties, such as pensions and other employee benefit trust funds and agency funds. The CNMI is responsible for ensuring that the assets reported in these funds are used for their intended purpose. All of the CNMI's fiduciary activities are reported in a separate statement of fiduciary net position and a statement of changes in fiduciary net position. We exclude these activities from the CNMI's government-wide financial statements because the CNMI cannot use these assets to finance operations.

Additional information on the restatement of the beginning fund deficit of the General Fund can be found in note 18 to the financial statements.

## A FINANCIAL ANALYSIS OF THE CNMI AS A WHOLE

### *Net Position*

The CNMI's governmental activities deficit net position decreased from \$215.4 million to a deficit net position of \$134.7 million, a decrease in the deficit of 37.4%, between fiscal years 2015 and 2016.

A summary of net position (condensed) is presented below, with comparable balances for fiscal year 2015:

	Governmental Activities		Change
	2016	2015	
Current assets	\$ 99,209,887	\$ 50,881,173	\$ 48,328,714

Total net position	\$ (134,746,270)	\$ (215,397,639)	\$ 80,651,369

Significant changes from 2015 in the Statement of Net Position include decreases in long-term debt and other liabilities as a result of debt service payments and payments toward pension liabilities under the settlement agreement plus a robust increase in current assets fueled by General Fund revenues exceeding estimates by \$20.8 million.

### *Changes in Net Position*

For the year ended September 30, 2016, net position of the primary government changed as follows, with comparable amounts for fiscal year 2015:

	Governmental Activities		Change
	2016	2015	
Revenues:			
Program revenues	\$ 159,012,791	\$ 119,443,782	\$ 39,569,009

Net position, end of year	\$ (134,746,270)	\$ (215,397,639)	\$ 80,651,369

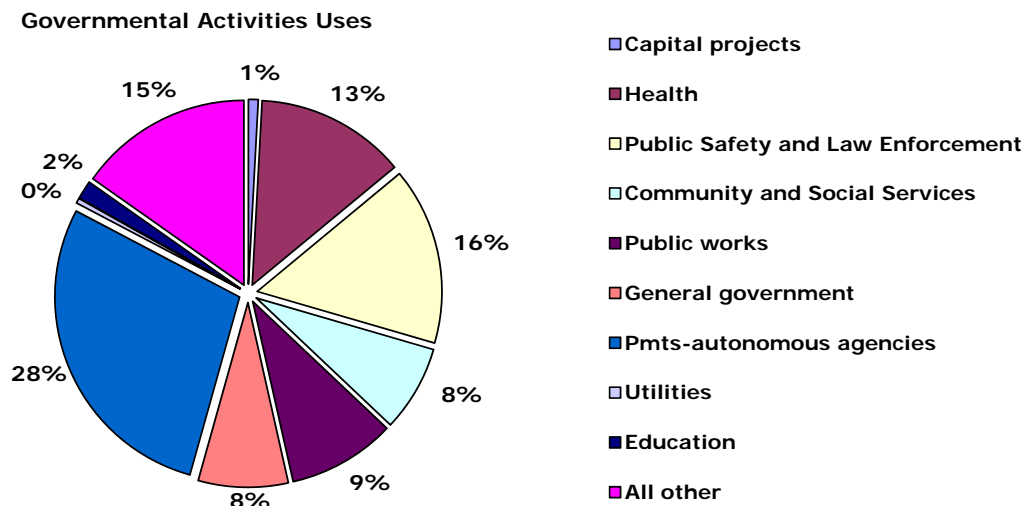

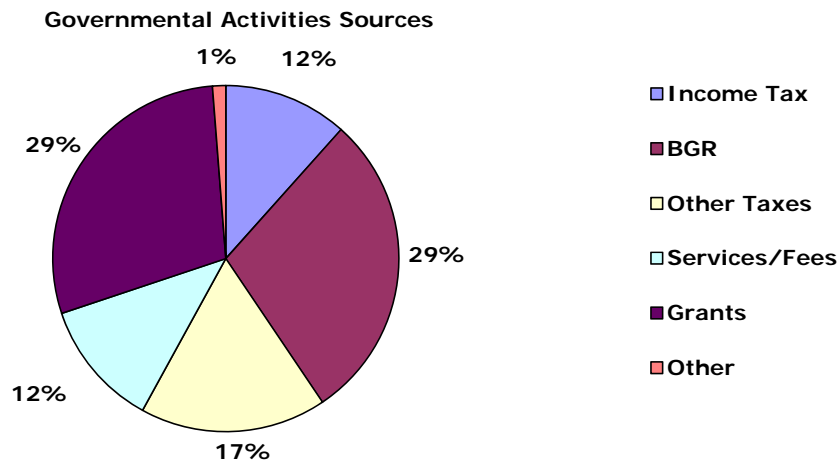

The CNMI's governmental activities' decrease in deficit net position of \$80.7 million represents a 37.4% decrease from the prior year. The results indicate that the CNMI's financial condition, as a whole, improved greatly in the current year. Significant changes from 2015 in the Statement of Activities include an increase in total revenues of \$115.8 million from 2015 while total expense increased by \$53.0 million.

**Governmental Activities**

To aid in the understanding of the Statement of Activities some additional explanation is given.

Of particular interest is the format that is significantly different than a typical Statement of Revenues, Expenditures, and Changes in Fund Balance. You will notice that expenses are listed in the first column with revenues from that particular program reported to the right. The result is a Net (Expense)/Revenue. The reason for this format is to highlight the relative financial burden of each of the functions on the CNMI's taxpayers. It also identifies how much each function draws from the general revenues or if it is self-financing through fees and grants or contributions. All other governmental revenues are reported as general. It is important to note that all taxes are classified as general revenue even if restricted for a specific purpose.

For the year ended September 30, 2016, the CNMI's governmental activities were funded as follows:

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
Year Ended September 30, 2016

For the year ended September 30, 2016, total expenses for governmental activities amounted to \$308.3 million. Of these total expenses, taxpayers and other general revenues funded \$230.9 million, while those directly benefiting from the activities funded \$112.7 million from grants and other contributions and \$46.3 million from charges for services.

**A FINANCIAL ANALYSIS OF THE CNMI'S FUNDS**

As the CNMI completed its 2016 fiscal year, the governmental funds reported a combined fund deficit of \$14.3 million, when compared with the prior year restated fund deficit of \$59.3 million, is a decrease in the deficit of \$45.0 million or 75.8%. This decrease is due in large part to a dramatic increase in government revenues exceeding increases in expenditures.

Individual fund highlights include:

- For the year ended September 30, 2016, the General Fund's total fund deficit decreased by \$16.3 million or 18.7%, to a total fund deficit of \$71.0 million, while the total unassigned fund deficit decreased by \$21.3 million or 21.8%, for a total unassigned fund deficit of \$76.5 million.
- The Grants Assistance Fund's revenues and expenditures netted to a \$230 increase in fund balance, providing a remaining fund balance for grant expenditures of \$5.3 million.
- The Saipan Amusement Fund accounts for casino license fees and other electronic gaming fees. Revenues and expenditures netted a \$26.7 million increase in fund balance, providing a fund balance of \$28.0 million.
- The Pension and Other Employee Benefit Trust Fund's fiduciary net position increased by \$3.6 million or 13.3% for the year. This fund type includes the retirement fund and the group health and life insurance trust fund.

**General Fund Budgetary Highlights**

Original and final revenue and expenditure estimates remained constant at \$182.3 million and \$182.7 million, respectively. The General Fund's actual revenues of \$203.0 million was more than the final estimates by \$20.8 million, a variance of 11.4%. The General Fund's actual expenditures of \$200.7 million exceeded appropriations by \$17.9 million, a variance of 9.8%, due mainly to unanticipated expenditures in public safety (\$2.9 million), employee benefits (payment to GHLITF) (\$4.3 million), public health (Medicaid local expenses and medical referrals) (\$8.5 million) and disaster expenditures (\$3.3 million).

## CAPITAL ASSET AND DEBT ADMINISTRATION

### *Capital Assets*

At the end of September 30, 2016, the CNMI had \$154.1 million investment in capital assets, net of accumulated depreciation where applicable, including land, infrastructure, vehicles and other machinery and equipment, buildings, and various projects under construction (see table below). This represents a net decrease of \$3.5 million or 2.2% from last year.

	<u>Governmental Activities</u>		<u>Change</u>
	<u>2016</u>	<u>2015</u>	
Infrastructure, net	\$ 28,244,360	\$ 30,654,481	\$ (2,410,121)

Total	<u>\$ 154,125,426</u>	<u>\$ 157,610,902</u>	<u>\$ (3,485,476)</u>

See note 7 to the financial statements for more detailed information on the CNMI's capital assets and changes therein.

### *Long-Term Debt*

At year end, the CNMI had \$80.5 million in long-term debt outstanding, which represents a net decrease of \$4.3 million or 5.1% from the prior year. The CNMI's changes in long-term debt outstanding are as follows:

	<u>Governmental Activities</u>		<u>Change</u>
	<u>2016</u>	<u>2015</u>	
Bonds payable	\$ <u>80,482,437</u>	\$ <u>84,783,757</u>	\$ <u>(4,301,320)</u>

As of September 30, 2016, no rating information was provided from Fitch Ratings or Standard and Poor's Financial Services, LLC for the CNMI's General Obligation Bonds.

Article X, Section 4, of the CNMI Constitution limits public indebtedness, other than bonds or other obligations of the government payable solely from the revenues derived from a public improvement or undertaking, to no more than 10% of the aggregate assessed valuation of the real property within the CNMI. The CNMI aggregate assessed valuation has not been determined as of September 30, 2016.

See note 11 to the financial statements for more detailed information on the CNMI's long-term debt and changes therein.

## ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

In the prior year's Management's Discussion and Analysis, the following was mentioned "The prospects for fiscal year 2017 are expected to reverse this trend with a significant investment in the CNMI as a result of the awarding of an exclusive gaming license to an investor. The project is in its construction phase, but the opening of a temporary gaming facility that will serve as a training center for staff while operating as a gaming facility is expected to infuse additional revenue into the economy well in advance of the project." The Saipan Amusement Fund's revenues and expenditures netted a \$26.7 million increase in fund balance, providing a fund balance of \$28.0 million. The positive financial impact of the casino and electronic gaming industry in such a short period of time has been dramatic. It is expected that this positive impact will continue and be reflected in future budgets.

## **CONTACTING THE CNMI'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, taxpayers, customers and creditors with a general overview of CNMI's finances and to show the CNMI's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Department of Finance, Office of the Secretary of Finance at P.O. Box 5234 CHRB, Saipan, MP 96950 or phone (670) 664-1100.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in  
Fund Balances (Deficit) of Governmental Funds to the Statement of Activities  
September 30, 2016

Total net change in fund balances - governmental funds		\$ 44,960,443
Amounts reported for governmental activities in the Statement of Activities are different because:		
Capital outlays are reported as expenditures in governmental funds. However, in the statement of activities, the cost of capital assets is allocated over their estimated useful lives as depreciation expense. For the current year, these amounts consist of:		
Capital outlays	5,879,250	
Depreciation expense	<u>(9,364,726)</u>	(3,485,476)
The incurrence of long-term debt (e.g., bonds and leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and deferred amounts on refundings when debt is issued, whereas these amounts are deferred and amortized in the Statement of Activities. For the current year, these amounts consist of:		
Repayment of obligations under Settlement Agreement	30,000,000	
Repayment of claims and judgments	5,000,000	
Repayment of bonds	4,295,000	
Amortization of bond premiums	6,320	
Amortization of deferred amount on refunding	<u>(309,727)</u>	38,991,593
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. For the current year, these activities consist of:		
Change in accrued interest payable	82,875	
Change in due to component unit	980,289	
Change in landfill closure and postclosure care costs	(381,737)	
Change in compensated absences payable	<u>(496,618)</u>	<u>184,809</u>
Change in net position of governmental activities		<u>\$ 80,651,369</u>

# COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

## Notes to the Financial Statements September 30, 2016

### (1) Summary of Significant Accounting Policies

The accompanying basic financial statements of the Commonwealth of the Northern Mariana Islands (CNMI) have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). The Governmental Accounting Standards Board (GASB) is the recognized standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the CNMI's accounting policies are described below.

#### A. Reporting Entity

The Government of the CNMI is a constitutional government comprised of three branches: the Legislative Branch (the Legislature), consisting of a nine-member Senate and an eighteen-member House of Representatives elected by eligible voters; the Executive Branch, with the Governor as the chief executive officer; and the Judicial Branch made up of two Commonwealth courts (the Appeals Court and the Trial Court).

For financial reporting purposes, the CNMI has included all funds, organizations, agencies, boards, commissions and institutions. The CNMI has also considered all potential component units for which it is financially accountable as well as other entities for which the nature and significance of their relationship with the CNMI are such that exclusion would cause the CNMI's basic financial statements to be misleading or incomplete. The criteria to be considered in determining financial accountability include whether the CNMI, as the primary government, has appointed a voting majority of an organization's governing body and either has the ability to impose its will on that organization or there is potential for the organization to provide specific financial benefits to or impose specific financial burdens on the CNMI. Financial accountability also exists if an organization is determined to be fiscally dependent on the primary government, although the primary government does not appoint a voting majority of the organization's governing board.

Each component unit of the CNMI has a September 30 year end.

Component units are entities that are legally separate organizations for which the CNMI's elected officials are financially accountable or other organizations for which the nature and significance of their relationship with the CNMI are such that exclusion would cause the CNMI's basic financial statements to be misleading or incomplete. The CNMI is financially accountable because it appoints the members of the governing authorities of each of the component units and because it is able to impose its will on these organizations or because the organizations provide specific financial benefits or impose specific financial burdens on the CNMI.

The financial statements of the component units have been included in the financial reporting entity as discretely presented component units in accordance with GASB Statement No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. The component units' column of the basic financial statements includes the financial data of the following discretely presented component units:

(1) Summary of Significant Accounting Policies, Continued

A. Reporting Entity, Continued

- The Commonwealth Ports Authority (CPA) is responsible for the operations, maintenance and improvement of all airports and seaports within the CNMI. CPA is governed by a seven-member Board of Directors appointed by the Governor. The CNMI has the ability to impose its will on CPA.
- The Marianas Public Land Trust (MPLT) manages all monies received by it from the CNMI Department of Public Lands for the use of public lands and distributes net income to the general fund of the CNMI. Additionally, MPLT is responsible for maintaining a separate trust fund for the development and maintenance of American Memorial Park. MPLT is governed by a five-member Board of Trustees appointed by the Governor. The CNMI has the ability to impose its will on MPLT.
- The Northern Marianas College (NMC) serves as the state agency for higher education and adult education programs within the CNMI. NMC is governed by a seven-member Board of Regents appointed by the Governor. The CNMI provides financial support to NMC through legislative appropriations.
- The Public School System (PSS) is the state educational agency responsible for pre-school, elementary and secondary education programs in the CNMI. PSS is governed by a five-member Board of Education elected at-large. The CNMI provides financial support to PSS through legislative appropriations.
- The Marianas Visitors Authority (MVA) is responsible for the promotion and development of the tourism industry in the CNMI. MVA is governed by a nine-member Board of Directors, five of which are appointed by the Governor with the remaining four chosen by the members of MVA. The CNMI provides financial support to MVA through legislative appropriations.

In addition, the fiduciary component units are subject to legislative and executive controls. These component units, while meeting the definition of a component unit and while legally separate, are presented in the fund financial statements of the CNMI. They have been omitted from the government-wide financial statements as their resources are not available to fund operations of the CNMI. The fiduciary component units are as follows:

- The Northern Mariana Islands Retirement Fund (NMIRF), a Fiduciary Fund Type - Pension (and Other Employee Benefit) Trust Fund, exists to provide retirement security and other benefits to government employees, their spouses and dependents, former Governors and Lieutenant Governors, and to provide for an actuarially sound, locally funded pension system within the CNMI. NMIRF was governed by a seven-member Board of Trustees who appointed an Administrator who administered NMIRF in a manner that furthered its purposes. The Board of Trustees has not been renewed by the Governor as a result of Civil Case No. 09-00023 and NMIRF is administered by the CNMI Secretary of Finance who serves as the Acting Administrator.
- The CNMI Group Health and Life Insurance Trust Fund (GHLITF), a Fiduciary Fund Type - Pension (and Other Employee Benefit) Trust Fund, is responsible for administering the life and health insurance programs for CNMI government employees. GHLITF is governed by the CNMI. The GHLITF health benefit administration was privatized on November 1, 2007.
- The Defined Contribution Plan (DCP) was created by Public Law 15-13 to provide an individual account retirement system for any person employed by the CNMI or its autonomous agencies. Participating employers include the CNMI, NMIRF, CGECU, CDA, CHCC, CPA, CUC, MPLT, MVA, NMC, NMHC and PSS. The NMIRF Acting Administrator is responsible for the general administration and operation of DCP. DCP, by its nature, is fully funded on a current basis from employer and member contributions. DCP is a voluntary multi-employer pension plan and is the single retirement program for all new employees whose employment commenced on or after January 1, 2007.

Complete financial statements for each of the abovementioned blended component units may be obtained at the units' administrative offices.

Omitted Component Units

The CNMI has omitted the Commonwealth Development Authority (CDA), a Discretely Presented Component Unit, from the basic financial statements due to the lack of available financial information. CDA functions to stimulate the economic development of the CNMI. It serves as the administrator of United States economic assistance for economic development loans and aids in the financing of capital improvement projects undertaken by the CNMI and its autonomous public agencies. CDA is governed by a seven-member Board of Directors appointed by the Governor. The CNMI has the ability to impose its will on CDA.

The CNMI has omitted the Commonwealth Utilities Corporation (CUC), a Discretely Presented Component Unit, from the basic financial statements due to the lack of available financial information. CUC is responsible for supervising the construction, maintenance, operations, and regulation of electric, water and sewage services, provided however, that whenever feasible, CUC shall contract with private businesses to assume its duties with respect to one or more of these divisions. CUC was also designated the responsibility to establish rates, meter, bill and collect fees in a fair and rational manner from all customers of utility services in order for CUC to become financially independent of appropriations by the CNMI Legislature. CUC is governed by a board of directors appointed for terms of four years by the Governor of the CNMI with the advice and consent of the Senate. The CNMI has the ability to impose its will on CUC.

The CNMI has omitted the Commonwealth Healthcare Corporation (CHCC), a Discretely Presented Component Unit, from the basic financial statements due to the lack of available financial information. CHCC is responsible for providing healthcare services in the CNMI. CHCC is governed by a Chief Executive Officer (CEO) who governs the operations of CHCC in a manner that furthers its purposes. A seven-member Board of Trustees, three of which are ex officio voting members consisting of the CEO, the Director of Medical Affairs and a U.S. citizen selected from CHCC's non-physician healthcare professionals and the remaining four appointed by the Governor with the advice and consent of the Senate, acts in an advisory role to the CEO. The CNMI provides financial support to CHCC through legislative appropriations.

The omission of the above component units is considered material to the discretely presented component units' reporting column.

The CNMI has omitted the Northern Mariana Islands Settlement Fund (NMISF), a Fiduciary Fund Type - Pension (and Other Employee Benefit) Trust Fund from the basic financial statements due to the lack of available financial information. NMISF exists to accept the transfer of NMIRF assets, receive annual contributions and payments from the CNMI and to carry out the consent judgment entered by the United States District Court for the Northern Mariana Islands (District Court) for Civil Case No. 09-000023. NMISF is governed by a Trustee appointed by the District Court. The omission of this component unit is considered material to the aggregate remaining fund information.

(1) Summary of Significant Accounting Policies, Continued

A. Reporting Entity, Continued

Omitted Component Units, Continued

The CNMI has omitted the Commonwealth Government Employees Credit Union (CGECU) from the basic financial statements due to the lack of available financial information. CGECU serves as a credit union for all CNMI government employees. CGECU is governed by a five-member Board of Directors appointed by the Governor. The financial activities of this omitted component unit are not considered material to the basic financial statements.

Program and Other Revenue Recognition

Program revenue is defined by the CNMI to be the revenue from fees and assessments collected by departments that are applicable to that department's operations. General revenue is derived from taxation, investment income and other fees that are not allocated to specific programs. All other revenues and expenses are reported as nonoperating.

B. Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities report information on all non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been eliminated from these statements except for other changes between the primary government and the discretely presented component units. Elimination of these changes would distort the direct costs and program revenues reported for the various functions concerned. Primary government activities are all governmental in nature. Governmental activities generally are financed through taxes, intergovernmental revenues and other non-exchange revenues. Discretely presented component unit activities are presented with their business-type focus.

The Statement of Net Position presents all of the reporting entity's non-fiduciary assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in three categories:

- *Net investment in capital assets* consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt that are attributed to the acquisition, construction or improvement of those assets.
- *Restricted net position* results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through enabling legislation.
- *Unrestricted net position* consists of net position, which does not meet the definition of the two preceding categories. Unrestricted net position often is designated, to indicate that management does not consider it to be available for general operations.

B. Government-Wide Financial Statements, Continued

The government-wide Statement of Net Position reports \$8,622,478 of restricted net position, of which \$461,408 is restricted by enabling legislation.

The Statement of Activities demonstrates the degree to which the direct expenses of given functions or segments are offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not meeting the definition of program revenues are, instead, reported as general revenue.

C. Fund Financial Statements

The fund financial statements present a balance sheet and a statement of revenues, expenditures, and changes in fund balances for its major and aggregated nonmajor funds. Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements pursuant to GASB reporting standards, with nonmajor governmental funds being combined into a single column.

The CNMI reports its financial position and results of operations in funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures/expenses. Transactions between funds within a fund type, if any, have not been eliminated.

D. Measurement Focus and Basis of Accounting

Government-Wide Financial Statements:

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Amounts reported as program revenue include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. General revenue is derived from taxation, investment income and other fees that are not allocated to specific programs.

D. Measurement Focus and Basis of Accounting, Continued

Governmental Fund Financial Statements:

Governmental funds financial statements account for the general governmental activities of the CNMI and are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as they become susceptible to accrual; generally, when they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the CNMI considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Federal grants and assistance awards made on the basis of entitlement periods are recorded as revenue when available and entitlement occurs, which is generally within twelve months of the current fiscal period.

Significant revenues susceptible to accrual include income, gross receipts, corporation and other taxes, federal grants, federal reimbursements and other reimbursements for use of materials and services. Therefore, tax related receivables are essentially reserved for or have been historically deferred. Miscellaneous revenues from other financing sources are recognized when received because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are both measurable and available. Expenditures generally are recorded in the period in which the related fund liability is incurred as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Fiduciary Funds and Component Units Financial Statements:

Discretely presented component units distinguish operating revenues from nonoperating items. Operating revenues generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All other revenues are reported as nonoperating. Operating expenses include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

*GASB Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - For State and Local Governments, as amended by GASB Statement No. 37, Basic Financial Statements - and Management's Discussion and Analysis - For State and Local Governments: Omnibus, sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses for either fund category or the governmental and enterprise combined) for the determination of major funds.*

Major individual governmental funds are reported as separate columns in the fund financial statements. The nonmajor funds are combined in a column in the fund financial statements and detailed in the combining statements. The CNMI reports the following major funds:

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

(1) Summary of Significant Accounting Policies, Continued

D. Measurement Focus and Basis of Accounting, Continued

- General Fund. This fund is the primary operating fund of the CNMI. It is used to account for all governmental transactions, except those required to be accounted for in another fund.
- Grants Assistance Fund, a Governmental Fund Type - Capital Projects Fund/Special Revenue Fund. This fund accounts for all financial transactions related to grants received from various U.S. departments. This fund combines the DOI Capital Projects Fund, a Governmental Fund Type - Capital Projects Fund and Federal Grants Fund, a Governmental Fund Type - Special Revenue Fund and is detailed in the combining statements.
- Saipan Amusement Fund, a Governmental Fund Type - Special Revenue Fund. This fund accounts for all financial transactions related to casino licensing and nonrefundable application fees.

For all discretely presented component units, the CNMI utilizes the flow of economic resources measurement focus. GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

E. Concentrations of Credit Risk

Financial instruments, which potentially subject the CNMI to concentrations of credit risk, consist principally of cash demand deposits and investments.

At September 30, 2016, the CNMI has cash deposits and investments in bank accounts that exceed federal depository insurance limits. The CNMI has not experienced any losses on such accounts.

F. Cash and Cash Equivalents and Time Certificates of Deposit

The CNMI pools cash resources of its various funds in order to facilitate the management of cash. Unless otherwise required by law, interest income received on pooled cash accrues to the General Fund. Cash and cash equivalents applicable to a particular fund are readily identifiable. Cash and cash equivalents include cash held in demand accounts as well as short-term investments in U.S. Treasury obligations with a maturity date within three months of the date acquired by the CNMI. Time certificates of deposit with original maturity dates greater than ninety days are separately classified on the statement of net position/balance sheet.

G. Receivables

In general, tax revenue is recognized on the government-wide financial statements, when assessed or levied. Tax revenue is recognized on the governmental fund financial statements to the extent that it is both measurable and available. Receivables are stated net of estimated allowances for uncollectible accounts. Reimbursements due to the CNMI for expenditures on federally-funded reimbursement and grant programs are reported as "receivables from federal agencies".

H. Interfund/Intrafund Transactions

As a general rule, the effect of interfund activity has been eliminated in the government-wide financial statements. Exceptions to this rule are: 1) activities between funds reported as governmental activities and funds reported as business-type activities and 2) activities between funds that are reported in different functional categories in either the governmental or business-type activities column. Elimination of these activities would distort the direct costs and program revenues for the functions concerned.

I. Interfund Receivables and Payables

During the course of its operations, the CNMI records transactions between individual funds for goods provided or services rendered. Receivables and payables resulting from transactions between funds are classified as "due from other funds" or "due to other funds" on the governmental funds balance sheet. Receivables and payables resulting from transactions between component units and the primary government are classified as "due to/from primary government" or "due to/from component units" on the governmental balance sheet and statement of net position. Interfund receivables and payables have been eliminated from the statement of net position.

J. Advances

Advances include amounts paid in advance to vendors. In the governmental funds balance sheet, advances are offset by inclusion in the fund balance reserve for encumbrances indicating that they do not constitute expendable available resources and are, therefore, not available for appropriation.

K. Inventories

Inventories are stated at the lower of cost or market using the first-in/first-out (FIFO) method.

Food stamp balances held at year end are recorded as inventories based on face value. Inventories reported in the Grants Assistance Fund of \$928,500 are offset by unearned revenues.

L. Capital Assets and Depreciation

Capital assets, which include property, plant, equipment and infrastructure (e.g. roads, bridges, ramps and other similar items), are reported in the governmental activity column of the government-wide financial statements.

Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

All land, non-depreciable land improvements are capitalized, regardless of cost. Singular pieces of machinery and equipment, other than vehicles, that equal or exceed \$50,000 are capitalized. Buildings and infrastructure projects with a cost that equals or exceeds \$100,000 are capitalized. The costs of normal maintenance and repairs that do not add to the value of assets or materially extend asset lives are not capitalized.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

Notes to the Financial Statements  
September 30, 2016

(1) Summary of Significant Accounting Policies, Continued

L. Capital Assets and Depreciation, Continued

All vehicles have been grouped together regardless of cost and depreciated on a composite basis.

Management has elected to present only assets acquired subsequent to 1990, except for roads. Accordingly, fixed asset records consist of additions commencing in fiscal year 1990.

Applicable capital assets are depreciated using the straight-line method with a full year's depreciation charged in the year of acquisition and disposal, regardless of date. Estimated useful lives are as follows:

	<u>Estimated Useful Life</u>
Buildings and other improvements	10 - 50 years
Infrastructure	20 years
Machinery and equipment	5 - 25 years

M. Fund Equity/Net Position

The CNMI reports net position as restricted where legally segregated for a specific future use by enabling legislation in accordance with GASB Statement No. 46, *Net Assets Restricted by Enabling Legislation*. Otherwise, these balances are considered unrestricted.

Net position has been restricted as follows:

"Restricted for capital projects" - identifies amounts held for Capital Projects.

"Restricted for retirement of indebtedness" - identifies amounts held to fund future debt service obligations.

"Restricted for federal programs and projects" - identifies amounts held for various externally imposed restrictions by federal grantor agencies.

"Restricted for other purposes" - identifies amounts held for various externally imposed restrictions either by creditors, grantors or laws and regulations of other governments. It also includes various restrictions put forth by the CNMI enabling statutes.

Fund balance classifications are based on the extent to which the CNMI is bound to honor constraints on the specific purposes for which amounts in those funds can be spent and are reported under the following fund balance classifications:

- Non-spendable - includes fund balance amounts that cannot be spent either because it is not in spendable form or because of legal or contractual constraints.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

Notes to the Financial Statements

(1) Summary of Significant Accounting Policies, Continued

M. Fund Equity/Net Position, Continued

- Restricted - includes fund balance amounts that are constrained for specific purposes which are externally imposed by providers, such as creditors or amounts constrained due to constitutional provisions or enabling legislation.
- Committed - includes fund balance amounts that are constrained for specific purposes that are internally imposed by the government through formal action of the CNMI Legislature, the CNMI's highest level of decision making authority, and does not lapse at year-end. Formal action of the CNMI Legislature is required to remove the limitations of committed fund balances.
- Unassigned - includes negative fund balances in other governmental funds.

The CNMI has a general policy to first use restricted resources for expenditures incurred for which both restricted and unrestricted (committed and unassigned) resources are available. When expenditures are incurred for which only unrestricted resources are available, the general policy of the CNMI is to use committed resources first, followed by unassigned. The use of restricted resources may be deferred based on a review of the specific transaction. A formal minimum fund balance policy has not been adopted.

N. Long-Term Obligations

Article X, Section 4, of the CNMI Constitution limits public indebtedness, other than bonds or other obligations of the government payable solely from the revenues derived from a public improvement or undertaking, to no more than 10% of the aggregate assessed valuation of the real property within the CNMI. The CNMI aggregate assessed valuation has not been determined as of September 30, 2016.

O. Compensated Absences

Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and a fund liability of the governmental fund that will pay it. Compensated absences are recorded as a long-term liability in the statement of net position with amounts to be paid during the next fiscal year reported as current. The liability as of September 30, 2016, is \$7,533,356.

Annual leave accumulates at the rate of thirteen working days for each year of service for up to three years of service, nineteen and a half working days for each year of service for three to six years of service, and twenty-six working days for each year of service for more than six years of service. Accrued annual leave is limited to forty-five working days, with any amounts over forty-five days transferred to sick leave.

P. Unearned Revenues

In the government-wide financial statements, unearned revenue is recognized when cash, receivables or other assets are recorded prior to their being earned. In the governmental fund financial statements, unearned revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period under the modified accrual basis of accounting. Unearned revenues also arise when resources are received by the CNMI before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the CNMI has a legal claim to the resources, the liability for unearned revenue is removed from the governmental fund balance sheet and revenue is recognized.

Q. Casino License and Application Fees

Public Law 18-38, as amended by Public Law 18-43 and Public Law 18-56 was enacted to authorize, establish and regulate an exclusive gaming license within the CNMI. Public laws allow the Commonwealth Lottery Commission (the Commission) to impose a one-time nonrefundable casino license application fee of \$1,000,000 for each applicant and impose an annual casino license fee of \$15,000,000.

Funds collected from licensing must be deposited in the CNMI Treasury and allocated to pay for the 25% reduction of the retirees and the beneficiaries' pension and to pay interest to active members who terminated their membership from the defined benefit plan under Public Law 17-82, as amended by Public Law 18-02. The nonrefundable casino license application fees must be deposited in a Special Fund and be expended by the Commission, without appropriation for the investigation of license applicants pursuant to 1 CMC §2318 and any other costs associated with reviewing the applications and granting or denying applications for the exclusive license.

On August 12, 2014, a casino license agreement between the Commission and Imperial Pacific International (CNMI), LLC (the Licensee) was approved. The casino license agreement is valid for a consecutive period of twenty-five years with an option to extend the initial license term for an additional consecutive period of fifteen years. The annual casino license fee is \$15,000,000 and must be paid every year to the CNMI Treasurer on the date of the issuance of the license and on every subsequent anniversary.

During the year ended September 30, 2016, the CNMI recorded a casino license fee of \$15,000,000, which represents license fees for the third year of the total license term. Accordingly, during the year, the CNMI recorded payment to NMISF related to the 25% reduction of the retirees and the beneficiaries' pension (see note 17).

R. Bond Premiums, Discounts and Issuance Costs

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the term of the bonds using the straight-line method. Bonds payable are reported net of bond premiums and discounts. Bond issuance costs are expensed in the period incurred.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

Notes to the Financial Statements

(1) Summary of Significant Accounting Policies, Continued

R. Bond Premiums, Discounts and Issuance Costs, Continued

In the fund financial statements, governmental fund types recognize bond premiums, discounts and issuance costs in the period the bond proceeds are received. The face amount of the debt issued is reported as other financing sources. Premiums received and discounts deducted on debt issuance are reported as other financing sources and other financing uses, respectively. Issuance costs, whether or not withheld from the actual debt proceeds, are reported as expenditures.

S. Deferred Outflows/Inflows of Resources

The statement of net position reports separate sections for deferred outflows and deferred inflows of resources. Deferred outflows of resources represent a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (deduction of net position) until then. Deferred inflows of resources represent an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (additions to net position) until then.

T. Income Taxes and Wage and Salary Taxes

The *Covenant to Establish the Commonwealth of the Northern Mariana Islands in Political Union with the United States of America* (the Covenant) adopted the Internal Revenue Code of the United States of America as the local income tax. Percentages of income tax due to the CNMI from CNMI source income are rebated at 90%, 70% or 50%, based on specified tax brackets for corporate and individual income taxes paid.

During the calendar year, the CNMI collects individual and corporate income taxes through withholdings and payments from taxpayers. At September 30, the CNMI estimates the amount owed to taxpayers for overpayments and rebates. These estimated amounts and the actual tax rebates claimed for prior years but not paid at year end are recorded as tax rebates payable with a corresponding reduction of tax revenue in the General Fund. The estimated tax rebate liability is evaluated on a regular basis by the CNMI and is based upon the CNMI's periodic review of tax returns in light of historical experience and the nature and volume of tax returns submitted. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available. Accordingly, changes to estimates are accounted for on a prospective basis.

U. Interfund Transactions

Quasi-external transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers. All other interfund transfers are reported as operating transfers.

V. GASB Statement No. 68

In June 2012, GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions* and in November 2013, GASB issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date - an amendment of GASB Statement No. 68*, which revised and established new financial reporting requirements for most governments that provided their employees with pension benefits through plans that are administered through trusts. The provisions in Statements No. 68 and No. 71 were effective for fiscal years beginning after June 15, 2014. Management acknowledges the requirement to recognize within the government-wide financial statements net pension liability, deferred outflows of resources, deferred inflows of resources and pension expense. However, the CNMI did not record the effects of GASB Statements No. 68 and No. 71 as of and for the year ended September 30, 2016 as the amounts are not available. In addition, management is of the opinion that the required supplementary information related to pension must be obtained from NMISF. As of September 30, 2016, the financial statements of NMISF were not included within the CNMI's financial statements.

W. New Accounting Standards

During the year ended September 30, 2016, the CNMI implemented the following pronouncements:

- GASB Statement No. 72, *Fair Value Measurement and Application*, which addresses accounting and financial reporting issues related to fair value measurements and requires entities to expand their fair value disclosures by determining major categories of debt and equity securities within the fair value hierarchy on the basis of the nature and risk of the investment. The implementation of this statement required additional disclosures to be made about fair value measurements, the level of fair value hierarchy, and valuation techniques (see note 2).
- GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, which eliminates two of the four categories of authoritative GAAP that exist under the existing hierarchy prescribed by Statement No. 55. The two categories that will remain under the new standard are (1) GASB Statements and (2) GASB technical bulletins and implementation guides in addition to AICPA guidance that the GASB clears. The implementation of this statement did not have a material effect on the accompanying financial statements.
- GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, which addresses for certain external investment pools and their participants the accounting and financial reporting implications that result from changes in the regulatory provisions referenced by previous accounting and financial reporting standards. Those provisions were based on the Investment Company Act of 1940, Rule 2a7. Rule 2a7 contains the Securities and Exchange Commission's regulations that apply to money market funds and were significantly amended in 2014. The implementation of this statement did not have a material effect on the accompanying financial statements.

W. New Accounting Standards, Continued

In June 2015, GASB issued Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not Within the Scope of GASB Statement No. 68, and Amendments to Certain Provisions of GASB Statements No. 67 and No. 68*, which aligns the reporting requirements for pensions and pension plans not covered in GASB Statements No. 67 and No. 68 with the reporting requirements in Statement No. 68. The provisions in Statement No. 73 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In June 2015, GASB issued Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, which replaces Statements No. 43, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, and addresses financial reporting requirements for governments whose employees are provided with postemployment benefits other than pensions (other postemployment benefits or OPEB). The provisions in Statement No. 74 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In June 2015, GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, which replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, and provides guidance on reporting by governments that provide OPEB to their employees and for governments that finance OPEB for employees of other governments. The provisions in Statement No. 75 are effective for fiscal years beginning after June 15, 2017. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In August 2015, GASB issued Statement No. 77, *Tax Abatement Disclosures*, which requires governments that enter into tax abatement agreements to disclose certain information about the agreements. The provisions in Statement No. 77 are effective for fiscal years beginning after December 15, 2015. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In December 2015, GASB issued Statement No. 78, *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*, which addresses a practice issue regarding the scope and applicability of Statement No. 68, *Accounting and Financial Reporting for Pensions*. The provisions in Statement No. 78 are effective for fiscal years beginning after December 15, 2015. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In January 2016, GASB issued Statement No. 80, *Blending Requirements for Certain Component Units - an amendment of GASB Statement No. 14*, which improves financial reporting by clarifying the financial statement presentation requirements for certain component units. The provisions in Statement No. 80 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In March 2016, GASB issued Statement No. 81, *Irrevocable Split-Interest Agreements*, which improves accounting and financial reporting for irrevocable split-interest agreements by providing recognition and measurement guidance for situations in which a government is a beneficiary of the agreement. The provisions in Statement No. 81 are effective for fiscal years beginning after December 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

In March 2016, GASB issued Statement No. 82, *Pension Issues - an amendment of GASB Statements No. 67, No. 68, and No. 73*, which addresses issues regarding (1) the presentation of payroll-related measures in required supplementary information, (2) the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and (3) the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The provisions in Statement No. 82 are effective for fiscal years beginning after June 15, 2016. Management does not believe that the implementation of this statement will have a material effect on the financial statements.

X. Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and deferred outflows of resources, liabilities and deferred inflows of resources, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results may differ from those estimates. Material estimates that are particularly susceptible to significant change in the near term relate to the determination of the tax rebate payable.

In determining the tax rebates payable, the CNMI makes various estimates. In conjunction with these estimates, the CNMI has established a permanent tax rebate reserve of \$1,500,000 to offset potential estimated disputes or claims.

Y. Encumbrances

The CNMI utilizes encumbrance accounting to identify fund obligations. Encumbrances represent commitments related to unperformed contracts for goods. At September 30, 2016, the CNMI has significant encumbrances summarized as follows:

Z. Total Columns

Total columns are presented primarily to facilitate financial analysis. The Management's Discussion and Analysis includes certain prior year summarized comparative information in total. Such information does not include sufficient detail to constitute a full comparative presentation. Accordingly, such information should be read in conjunction with the CNMI's financial statements for the year ended September 30, 2015 from which summarized information was derived.

(2) Deposits and Investments

Deposit and Investment Policy

The CNMI has no formal deposit and investment policy other than the requirements stipulated in applicable bond indentures.

Cash and Cash Equivalents and Time Certificates of Deposit

Custodial credit risk is the risk that in the event of a bank failure, the CNMI's deposits may not be returned to it. Such deposits are not covered by depository insurance and are either uncollateralized or collateralized with securities held by the pledging financial institution or held by the pledging financial institution but not in the depositor-government's name. The CNMI does not have a deposit policy for custodial credit risk.

As of September 30, 2016, the carrying amount of the primary government's total unrestricted cash and cash equivalents and time certificates of deposit were \$52,335,435 and the corresponding bank balances were \$52,901,531, which are maintained in financial institutions subject to Federal Deposit Insurance Corporation (FDIC) insurance.

Restricted cash and cash equivalents for the primary government represent amounts held and administered by the CNMI in accordance with legal mandates and certain capital projects. Restricted cash and cash equivalents at September 30, 2016 amounted to \$16,174,649 and the corresponding bank balances were \$15,858,520. Of the bank balance amounts, \$13,804,991 is maintained in financial institutions subject to FDIC insurance. The remaining amount of \$2,053,529 represents short-term investments held and administered by the CNMI's trustees in accordance with various trust agreements and bond indentures. Based on negotiated trust and custody contracts, all of the investments were held in the CNMI's name by the CNMI's custodial financial institutions at September 30, 2016. As of September 30, 2016, bank deposits in the amount of \$750,000 were FDIC insured. Public Law No. 12-61, the Government Deposit Safety Act of 1994, as amended, governs the general deposit policies of the CNMI and requires that all deposits of public funds made by the CNMI are to be collateralized by U.S. Government obligations at the rate of 100% of the corresponding bank deposit. Compliance with Public Law No. 12-61 as of September 30, 2016, is presently not determinable. Accordingly, these deposits are exposed to custodial credit risk.

#### Cash and Cash Equivalents and Time Certificates of Deposit, Continued

As of September 30, 2016, the carrying amount of the fiduciary fund's total cash and cash equivalents was \$5,412,734 and the corresponding bank balances were \$5,428,524, which are maintained in financial institutions subject to FDIC insurance. As of September 30, 2016, bank deposits in the amount of \$633,875 were FDIC insured. The component units do not require collateralization of their cash deposits; therefore, deposit levels in excess of FDIC insurance coverage are uncollateralized. Accordingly, these deposits are exposed to custodial credit risk.

As of September 30, 2016, the carrying amount of the discretely presented component units' restricted and unrestricted cash and cash equivalents and time certificates of deposit were \$55,763,420 and the corresponding bank balances were \$60,051,830. Of the bank balance amounts, \$58,219,369 is maintained in financial institutions subject to FDIC insurance and \$104,419 represents amounts maintained in a non-FDIC insured bank. The remaining amount of \$1,728,042 represents amount held and administered by the discretely presented components units' investment manager subject to Securities Investor Protection Corporation (SIPC) insurance up to \$250,000 with coverage in excess of SIPC provided by a supplemental insurance policy through certain underwriters with a per client aggregate limit of \$1.9 million. As of September 30, 2016, bank deposits in the amount of \$8,351,605 were FDIC insured. The component units do not require collateralization of their cash deposits; therefore, deposit levels in excess of FDIC insurance coverage are uncollateralized. Accordingly, these deposits are exposed to custodial credit risk.

#### Investments

Credit risk for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

Concentration of credit risk for investments is the risk of loss attributed to the magnitude of an entity's investment in a single issuer. GASB Statement No. 40 requires disclosure by issuer and amount of investments in any one issuer that represents five percent (5%) or more of total investments for the CNMI.

Custodial credit risk for investments is the risk that in the event of the failure of the counterparty to the transaction, the CNMI will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The CNMI's investments are held and administered by trustees in accordance with various bond indentures for the purpose of funding various capital projects, land settlement claims and future debt service requirements. Based on negotiated trust and custody contracts, all of these investments were held in the CNMI's name by the CNMI's custodial financial institutions at September 30, 2016.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of debt instruments. The CNMI does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Fair Value Measurement of Investments:

Investments and related investment earnings are reported at fair value using quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability (ie, the exit price) in an orderly transaction between market participants at the date as of which the fair value of an asset or liability is determined.

The CNMI categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

A. Primary Government

Investments held by a bank administered trust company as of September 30, 2016, are as follows:

Stock mutual fund	\$ 792,789
Mutual bond funds	370,641
Money market placements	<u>35,793</u>
	<u>\$ 1,199,223</u>

Stock mutual funds are categorized as Level 1, mutual bond funds are measured at net asset value (NAV) and money market placements are recorded at amortized cost.

The amount recorded as due from primary government of the discretely presented component units of \$2,370,307 does not equal the corresponding due to component units of the primary government of \$14,323,123 by \$11,952,816. The difference of \$5,304,381 with MPLT is due to \$4,019,711 recorded as notes receivable by MPLT and \$1,284,670 excess revenue of DPL owed to MPLT which was not recorded by MPLT. The difference of \$1,200 with NMC is due to timing differences. The remaining differences of \$6,531,142 and \$118,493 with CUC and CHCC, respectively, are due to lack of financial information from CUC and CHCC.

(5) Other Assets

As of September 30, 2016, the General Fund holds 11.8% and 11.0% of the shares of the Pacific Islands Development Bank (PIDB) and the United Micronesia Development Association, Inc. (8) Loan Payable Under Settlement Agreement

On February 28, 1995, the CNMI entered into a loan agreement with NMIRF, a Fiduciary Fund Type - Pension (and Other Employee Benefits) Trust Fund, for the construction of a Judicial Complex on the island of Saipan, in an amount not to exceed \$15,000,000. All revenue collected by the courts is deposited into the Judicial Building Fund, a Governmental Fund Type - Special Revenue Fund, to finance debt service on the loan.

The loan was initially for a period of fifteen years, due February 28, 2010, with interest at 7.5% per annum, principal and interest payable in monthly installments of \$137,198. On July 15, 1999, the loan agreement was amended to extend the term of the loan to twenty years and to increase interest to 7.75% per annum. Pursuant to the amendment, principal and interest are payable in monthly installments of \$120,000. On October 1, 2013, the loan was transferred from NMIRF to NMISF pursuant to Section 8 of the Settlement for Civil Case No. 09-00023. The loan is due on March 1, 2015. Accordingly, the Judicial Building Fund was transferred from Other Governmental Funds - Special Revenue Fund to the General Fund. At September 30, 2016, principal and interest outstanding and payable are \$4,281,095 and \$22,119, respectively.

(9) Tax Rebates Payable

The CNMI makes significant estimates in determining tax rebates payable. A Rebate Trust Fund was established to account for amounts paid to the CNMI, with respect to taxes imposed, which are rebateable to taxpayers. P.L. 9-22, enacted in January 1995, repealed and re-enacted the CNMI tax code and removed the requirement of a Rebate Trust Fund. P.L. 9-57, enacted in October 1995, reestablished the Rebate Trust Fund. The reestablishment was not retroactive, and thus tax year liabilities are paid from subsequent year collections of the General Fund.

The rebate percentage is either 90%, 70% or 50%, based on the specified tax brackets for taxes paid. Tax rebate liabilities amounted to \$46,424,098 as of September 30, 2016. Cash to fund this liability is to be provided by the General Fund. Any changes in the estimate will be accounted for in a prospective manner.

(10) Recovery Rebates Payable

The Congress of the United States passed the Economic Stimulus Act of 2008, which was approved and became law on February 13, 2008 as U.S. Public Law 110-185 (the Act). Among other things, the Act provides economic stimulus through recovery rebates to individuals meeting certain criteria. The Act provides that the U.S. Department of Treasury will make payment to the CNMI in an amount equal to the aggregate amount of the credits allowable by reason of the provision to the CNMI's residents against their CNMI income tax to cover advance and final payments. In 2008, the CNMI received total funds of \$16,100,000 pursuant to the Act. The recovery rebates payable of \$393,837 recorded in the General Fund represents the remaining undisbursed funds as of September 30, 2016.

(11) Long-Term Debt Obligations

Refunding of Debt

In April 2007, the CNMI issued \$100,490,000 of Series 2007A and Series 2007B General Obligation bonds to primarily refund the outstanding debt obligations of the Series 2000A and Series 2003A General Obligation bonds, and to pay certain expenses related to the issuance of the bonds. The primary purpose of the refunding was to refinance at lower interest rates. The refunding resulted in a cash flow savings of \$7,801,220 and did not extend the length of original bonds.

The refunding resulted in the advance defeasance of approximately 95% of the Series 2000A and Series 2003A General Obligation bonds by placing deposits in an irrevocable trust and escrow account for the purchase of U.S. government securities to pay the principal and interest on the defeased bonds as they are due and payable. For financial reporting purposes, both the defeased bonds outstanding and the escrowed securities have been excluded from the accompanying financial statements.

Although the advance refunding resulted in the recognition of an accounting loss of \$8.2 million for the year ended September 30, 2007, the CNMI in effect reduced its aggregate debt service payments by \$7.8 million over the next twenty-six years and obtained an economic gain (difference between the present values of the old and new debt service payments) of \$7.475 million. The excess of the reacquisition price over the net carrying amount of the old debt of \$8,181,944 was recorded as deferred outflow from cost of refunding debt and is being amortized over the remaining life of the debt or twenty-six years. At September 30, 2016, deferred outflows from cost of refunding debt amounted to \$5,265,348.

\$57,800,000 Bond Issue

In April 2007, CDA, acting for and on behalf of the CNMI, issued general obligation refunding bonds, Series 2007A in the aggregate principal amount of \$57,800,000 with interest rate at 5% per annum to refund \$52,435,000 of the 2000 Series A general obligation bonds. Installments of principal are to be paid to the Bond Trustee annually commencing June 1, 2009 through June 1, 2030. Interest is payable semi-annually beginning December 1, 2007 through June 1, 2030.

Amount outstanding and payable as of September 30, 2016, consist of the following:

Series 2007A general obligations refunding bonds	\$ 41,260,000
Unamortized premium on bond issuance	<u>63,741</u>
	\$ <u>41,323,741</u>

\$42,690,000 Bond Issue

In April 2007, CDA, acting for and on behalf of the CNMI, issued general obligations refunding bonds, Series 2007B in the aggregate principal amount of \$42,690,000 with interest rate at 5% per annum to refund \$37,400,000 of the 2003 Series A general obligation bonds. Installments of principal are to be paid to the Bond Trustee annually commencing October 1, 2011 through October 1, 2033. Interest is payable semi-annually beginning October 1, 2007 through October 1, 2033.

Obligations Under Settlement Agreement

The CNMI has agreed to make minimum annual payments to the Settlement Fund sufficient to enable the Settlement Fund to pay 75% of Class Members' Full Benefits each year for the Settlement Fund's expected life and as determined by an independent actuary appointed by the Trustee and approved by the District Court. The Parties project that the minimum annual payments necessary to enable the Settlement Fund to pay 75% of Class Members' Full Benefits each year will likely be at least:

The CNMI has agreed to continue to make annual payments in these minimum amounts unless the District Court determines after a hearing that a different amount is required to enable payment to Class Members of 75% of their Full Benefits.

After fiscal year 2024, the CNMI has agreed to make minimum annual payments to the Settlement Fund sufficient to enable the Settlement Fund to pay 75% of Class Members' Full Benefits each year for the Settlement Fund's expected life as determined by an independent actuary appointed by the Trustee and approved by the District Court.

As a result of the Settlement, the CNMI recorded a liability of \$170,749,160 to NMISF equivalent to the amount of judgment for Civil Case No. 06-0367 less payments made to NMISF pursuant to the Settlement. The CNMI is awaiting the actuarial determination for the amount of liability and, as a result, the effect on the accompanying financial statements has not been determined.

Claims and Judgments

On September 26, 2014, the District Court issued a court order to fund and implement Stipulated Order Number Two (SO2) (Dkt. no. 15) filed by the United States, CUC and the CNMI (jointly the Parties). The successful funding and implementation of the SO2 will result in timely and cost-efficient improvements to CUC's infrastructure, proper oil management and disposal and oil spill prevention, preparedness and response action. The District Court established an Engineering and Environmental Management Company (EEMC) in order to achieve expeditious compliance with SO2. The EEMC must implement the SO2 and be funded. The court order requires the CNMI to fund the SO2 as follows:

1. The CNMI must deposit \$5,000,000 no later than December 31, 2014, into the Court Registry (the Registry) established by the District Court for the CNMI.
2. The CNMI must deposit the following amounts on or before the dates specified into the Registry or, if applicable, must file a notice with the Court of the U.S. Department of the Interior's (US DOI) Authorization to Proceed (ATP) for funding SO2 projects: (a) \$2,800,000 no later than February 1, 2015; (b) \$5,000,000 no later than February 1, 2016; (c) \$5,000,000 no later than February 1, 2017; and (d) \$5,000,000 no later than February 1, 2018. The notice must include a commitment from CNMI/CUC that the ATP will be fully available for the EEMC as specified in the ATP and that the grantee will not re-program the associated funds without mutual agreement of the Parties.

(11) Long-Term Debt Obligations, Continued

Claims and Judgments, Continued

The funds must be used to reimburse EEMC for the approved expenses for SO<sub>2</sub> projects and should not be utilized for CUC's day-to-day expenses. If CUC, the CNMI or the EEMC do not meet the requirements of the court order, the United States is authorized to seek emergency relief. The parties must file a notice of satisfaction to the District Court upon completion of the requirements of the court order and termination of the EEMC. If the District Court finds CUC and the CNMI satisfied the requirements of the court order and the EEMC has been terminated, any funds remaining in the Registry should be transferred to the CUC's restricted fund for Technical Manager for Oil account.

On December 24, 2014, Public Law 18-71 was enacted to appropriate future MPLT interest distributions to meet the CNMI's obligations under the court order for the SO<sub>2</sub>. Public Law 18-71 authorized DPL to transfer \$5,000,000 to MPLT and MPLT to loan \$5,000,000 to the CNMI at an interest rate of 7% per annum. Public Law 18-71 authorized MPLT to withhold future interest income that would be remitted to the CNMI pursuant to Article XI § 6(d) of the Constitution beginning fiscal year 2016 and future fiscal years thereafter until the loan plus annual interest is fully paid. On December 29, 2014, DPL transferred \$5,000,000 to MPLT and MPLT entered into a \$5,000,000 loan agreement with the CNMI to effectuate the requirements of Public Law 18-71. The loan bears interest at 7% per annum and has a five-year amortization period which will mature on September 30, 2020. The CNMI's future annual payments on the loan could not be determined. Accordingly, the loan was recorded as due to component units in the accompanying financial statements. The CNMI's total principal and interest payments during the year amounted to \$980,289 and \$350,959, respectively.

On December 30, 2014, the CNMI transferred \$5,000,000 to the Registry to satisfy its obligation for SO<sub>2</sub>. On February 5, 2015, the US Department of the Interior (DOI) awarded the CNMI an ATP (Funding No. CNMI-CIP-2015-5 D15AP00012) for the CUC pipeline construction related to SO<sub>2</sub> amounting to \$2,648,082. On February 15, 2015, the US DOI awarded the CNMI an additional funding of \$151,958 to its original ATP for management and administration of the SO<sub>2</sub> projects. Therefore, the CNMI met its 2015 obligations for SO<sub>2</sub>. Accordingly, during fiscal year 2015, the CNMI recorded the \$2,800,000 grant from DOI as a special item. On March 1, 2016, US DOI awarded \$3,887,161 to the CNMI for Oil Pipeline Project (Funding No. CNMI-CIP-2016-2 D16AP00013). On March 8, 2016, DOI awarded the CNMI additional funding of \$382,225 to its original ATP to provide EEMC support for oil spill prevention, preparedness and response and to comply with the SO<sub>2</sub>. On March 17, 2016, US DOI awarded the CNMI additional funding of \$730,614 to its original ATP for the "Tank 103 Cleanout, Inspect and Repair" project. The additional ATPs would satisfy the CNMI's 2016 SO<sub>2</sub> obligation. As of September 30, 2016, the CNMI's claims and judgement liability related to SO<sub>2</sub> amounted to \$10,000,000.

CPA \$20,050,000 Bond Issue

On March 26, 1998, CPA issued \$20,050,000 of tax-exempt airport revenue bonds which, in part, were used for a current refunding of \$8,250,000 of 1987 Series B tax-exempt airport revenue bonds. The refunding was undertaken to consolidate existing bonds with new bonds issued for the purpose of financing various airport projects and to reduce total future debt service payments. The reacquisition price exceeded the net carrying amount of the old debt by \$503,906. This amount was netted against the new debt and is being amortized over the refunded debt's life, which is shorter than the life of the new debt. The transaction also resulted in an economic gain of \$688,620 and an increase of \$7,616,151 in future debt service payments.

Installments are paid to the Bond Trustee annually on March 15 through 2028. Interest is payable semi-annually, at 6.25%, on March 15 and September 15 of each year.

Revenue bonds payable as of September 30, 2016, consists of the following:

(11) Long-Term Debt Obligations, Continued

Discretely Presented Component Units, Continued

CPA \$20,050,000 Bond Issue, Continued

The 1998 Senior Series A tax-exempt airport revenue bonds are limited obligations of CPA and, except to the extent payable from bond proceeds, are payable solely out of revenues, assets and funds pledged under the Indenture.

CPA \$33,775,000 Bond Issue

On March 26, 1998, CPA issued \$33,775,000 of Senior Series A tax-exempt seaport revenue bonds which, in part, were used for a current refunding of \$22,470,000 of 1995 Series A tax-exempt seaport revenue bonds. The refunding was undertaken to consolidate existing debt with new debt issued for the purpose of financing various seaport projects and to reduce total future debt service payments. The reacquisition price exceeded the net carrying amount of the old debt by \$1,345,593. This amount is recorded as a deferred outflow from cost of refunding debt and is being amortized over the refunded debt's life, which is shorter than the life of the new debt. At September 30, 2016, deferred outflows from cost of refunding debt amounted to \$699,786. The transaction also resulted in an economic gain of \$1,724,777 and a decrease of \$6,983,345 in future debt service payments.

Installments are paid to the Bond Trustee annually on March 15 through 2028. Interest is payable semi-annually, at 6.6%, on March 15 and September 15 of each year.

Revenue bonds payable as of September 30, 2016, consist of the following:

1998 Senior Series A tax-exempt seaport revenue bonds	\$ <u>20,995,000</u>
---	----------------------

Additionally, CPA has resolved to hold \$8,000,000 in the Seaport supplemental reserve fund. The supplemental reserve fund was established pursuant to the First Supplemental Indenture dated March 1, 2000 for the purpose of providing funding and maintenance for the 1998 Senior Series A Seaport Bonds. At September 30, 2016, total deposits in the Seaport supplemental reserve fund amounted to \$7,991,935.

The 1998 Senior Series A tax-exempt seaport revenue bonds are limited obligations of CPA and, except to the extent payable from bond proceeds, are payable solely out of revenues and funds pledged under the Indenture.

The 1998 Senior Series A tax-exempt seaport revenue bonds are subject to redemption prior to their stated maturity, at the option of CPA, as a whole or in part by lot, on any date from the proceeds of available funds, the principal amount thereof and interest accrued thereon to the date fixed for redemption, without premium.

CPA \$7,225,000 Bond Issue

On September 21, 2005, CPA issued \$7,225,000 of Senior Series A tax-exempt seaport revenue bonds for the purpose of financing (including reimbursing itself for) the purchase, acquisition, construction, reconstruction, repair, renovation, improvement or expansion of CPA's seaports. Pursuant to Section 2.04(A)(9) of the 1998 Senior Series A Seaport Revenue Bonds Indenture Agreement dated March 1, 1998 and as supplemented by a First Supplemental Indenture dated March 1, 2000, CPA entered into a Second Supplemental Indenture for the issuance of the 2005 Senior Series A bonds. Interest on the bonds is payable semi-annually at 5.5% on March 15 and September 15 of each year.

Revenue bonds payable as of September 30, 2016, consist of the following:

2005 Senior Series A tax-exempt seaport revenue bonds	\$ 5,545,000
Discount on bonds	<u>(71,694)</u>
	<u>\$ 5,473,306</u>

CPA Bond Issues

The bond indentures contain several restrictive covenants, including restrictions on the use of bond proceeds. Management of CPA is of the opinion that CPA was in compliance with all significant covenants as of September 30, 2016. Section 6.11 of the Airport and Seaport Bond Indenture Agreements (Indenture) states that CPA shall impose, levy, enforce and collect such dockage, entry and wharfage fees, tariffs, lease rentals, licensing fees and other fees and charges in an aggregate amount with respect to each fiscal year to produce gross revenues of 125% of debt service requirements. Management of CPA has determined that gross revenues consist of total operating revenues, other grant revenue and contributions, interest income and passenger facility charges to meet the Indenture requirements. For fiscal year 2016, management of CPA determined that 100% of passenger facility charges would be considered as gross revenues for these purposes.

Annual debt service requirements to maturity for principal and interest for bonds payable are as follows:

<u>Year ending September 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>

(13) Transfers In/Out

Operating Fund Transfers

Operating transfers in/out for each major governmental fund and nonmajor governmental funds in the aggregate, for the year ended September 30, 2016, are as follows:

<u>Source/Recipient</u>	<u>Transfer Out</u>	<u>Transfer In</u>
<u>General Fund</u>		
Grants Assistance Fund	\$ 5,895,910	\$ 1,396,636
Nonmajor governmental funds	5,469,320	12,086,643
Saipan Amusement Fund	-	6,126,659

	\$ <u>31,051,373</u>	\$ <u>31,051,373</u>

Transfers are used to 1) move revenues from the fund that enabling legislation or budget requires to collect them to the fund that enabling legislation or budget requires to expend them, 2) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations, and 3) record reductions in interfund loans for amounts that are not expected to be repaid.

The amount recorded as payments to component units from the primary government of \$59,904,568 does not equal the corresponding contributions from the primary government of \$52,642,365 by \$7,262,203. The difference of \$501,034 with PSS is due to \$407,185 of Compact Impact funds that were recorded by PSS as federal revenue and \$93,849 of unreconciled differences. The difference of \$2,169,900 with MVA is due to \$1,212,183 of expenditures incurred and paid by the CNMI related to Public Law 18-01 that were not recorded by MVA and \$957,717 of unreconciled differences. The difference of \$1,605,905 with NMC is due to \$129,068 of Compact Impact funds and \$607,766 of Contract Workers funds that were recorded as federal revenue and \$869,071 of local fund transfers that were recorded as unearned revenue by NMC. The difference of \$2,985,364 with CHCC is due to lack of financial information from CHCC.

Land Acquisitions

The CNMI has acquired certain properties from landowners for right-of-way or easement projects. The CNMI government's liability for future reimbursement costs associated with unknown land acquisitions is presently not determinable.

(14) Commitments, Continued

Dedicated Revenues and Pledges

CNMI has pledged all Judicial Building Fund (a Governmental Fund Type - General Fund) revenues to repay a loan of \$15,000,000 to NMIRF pursuant to an agreement entered into in February 1995. On October 1, 2013, the loan was transferred from NMIRF to NMISF pursuant to Section 8 of the Settlement of Civil Case No. 09-00023. Total principal and interest remaining on this loan is approximately \$4,303,214 payable through March 2015. For the year ended September 30, 2016, principal and interest payments were \$222,566 and \$395,036, respectively, and total Judicial Building Fund revenues were \$671,226.

Discretely Presented Component Units

CPA has pledged future gross revenues to repay \$20,050,000 and \$33,775,000 in 1998 Senior Series A and \$7,225,000 of 2005 Senior Series A tax-exempt special revenue bonds. Proceeds from the bonds provided financing for capital assets. The bonds are payable from pledged gross revenues. The bonds are payable through fiscal years 2028, 2028 and 2031, respectively. The total principal and interest payable for the remainder of the life of these bonds are \$54,960,284 at September 30, 2016. Pledged gross revenues received during the year ended September 30, 2016 were \$23,360,281. Debt service payments during the year ended September 30, 2016 amounted to \$4,490,840 representing 19% of pledged gross revenues.

Operating Lease

On August 18, 2003, NMC entered into an assignment of lease with a corporation (Assignor), whereby the Assignor assigns leases and leasehold estate and other rights on the La Fiesta property to NMC for a total payment of \$4,000,000 payable in annual installments of \$200,000 beginning October 29, 2004. On September 15, 2004, NMC and the CNMI entered into a Memorandum of Agreement for the transfer of the lease assignment. On January 7, 2005, NMC and the CNMI executed an Assignment of Contract Rights whereby NMC assigns and transfers to the CNMI all right, titles and interest to the assignment of leases dated August 18, 2003. Rental expense for this lease for the fiscal year ended September 30, 2016, is \$200,000.

CNMI's future rentals under the lease are as follows:

<u>September 30,</u>	
2017	\$ 200,000
2018	200,000
2019	200,000
2020	200,000

(15) Contingencies

Landfill Closure Costs

The CNMI operates a solid waste disposal site in Puerto Rico, Saipan, which is under administrative order from the U.S. Environmental Protection Agency to close in the near future. The disposal site was officially closed in 2003. The related costs will be funded through grant awards from the U.S. Department of the Interior.

State and federal laws and regulations require the CNMI to place a final cover on its landfill sites when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for 30 years after closure. Although landfill closure and postclosure costs will be paid only near or after the date that the Marpi landfill stops accepting waste, the CNMI's governmental activities reports a portion of these closure and postclosure costs as an expense in each period based on landfill capacity used as of each balance sheet date. The \$5,344,315 liability reported as landfill closure and postclosure costs at September 30, 2016 within the accompanying financial statements, represents the cumulative amount reported based on 55% capacity used. The Marpi landfill has an estimated lifespan of eighteen years. The CNMI will recognize the remaining estimated cost of closure and post closure care of \$1,526,947 as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post closure care in 2016. Actual costs may be higher due to inflation, changes in technology or changes in regulations.

Questioned Costs Under Federally Funded Programs

The CNMI participates in a number of federally assisted grant programs funded by the United States Government. These programs are subject to financial and compliance audits to ascertain if Federal laws and guidelines have been followed. Cumulative questioned costs of \$31,568,469 have been set forth in the CNMI's Single Audit Report for the year ended September 30, 2016. The ultimate disposition of these questioned costs can be determined only by final action of the respective grantor agencies. Therefore, no provision for any liability that may result upon resolution of this matter has been made in the accompanying financial statements.

Insurance Coverage

The CNMI does not maintain insurance coverage for a significant amount of fixed assets. In the event of a catastrophe, the CNMI may be self-insured to a material extent. The CNMI, however, maintains fidelity bonding insurance coverage over employees with access to cash. In the event of a loss through employee malfeasance, the CNMI will be self-insured for losses in excess of \$1,000,000.

Tax Returns

The CNMI is unable to estimate unfiled or unprocessed tax returns related to tax years 2015 and prior. Therefore, no provision for any liability that may result upon resolution of this matter has been made in the accompanying financial statements. CNMI management does not believe that this will have a material impact on the financial statements.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

Notes to the Financial Statements  
September 30, 2016

(15) Contingencies, Continued

General Fund Financial Position

The CNMI's General Fund has sustained recurring operating deficits and has an unassigned fund deficit of \$76,510,461 at September 30, 2016. In addition, at September 30, 2016, the primary government's current liabilities exceed current assets by \$64,572,838, and total liabilities and deferred inflows of resources exceed total assets and deferred outflows of resources by \$134,746,270. On September 30, 2013, the District Court approved a Settlement Agreement between a retiree (individually and on behalf of similarly-situated persons) and the CNMI, NMIRF and others. The Settlement Agreement includes the creation of NMISF to accept the transfer of NMIRF assets, receive annual contributions and payments by the CNMI and to carry out the consent judgment entered by the District Court. As part of the Settlement Agreement, the CNMI agrees to make minimum annual payments to NMISF to allow for the payment of 75% of Class Members' full benefits annually during NMISF's expected life and as determined by an actuary appointed by a Trustee and approved by the District Court. The CNMI is awaiting the actuarial determination and the effect on the accompanying financial statements has not been determined. Management believes that the actuarial determination will have a positive effect on the General Fund Financial Position and will commence the process of reducing the abovementioned General Fund deficit position.

Sick Leave

The CNMI records expenditures for sick leave when the leave is actually taken. Sick leave is compensated absence during working hours arising from employee illness or injury. Sick leave accumulates at the rate of thirteen working days for each year of service, without limit. No liability is recorded for nonvesting accumulating rights to receive sick pay benefits. The accumulated estimated amount of unused sick leave as of September 30, 2016, is \$40,653,608.

CHCC

Public Law 16-51 established CHCC as a public corporation with certain limitations on liability provided by the CNMI Government Liability Act (GLA) and immunity from seizure of its property to pay judgment debts. Public Law 15-22 amended the GLA, which provides that employees who have been personally sued for actions taken within the scope of their employment may have the government substituted as the defendant and the employee dismissed from the suit. In the event of loss due to employee malpractice action, the CNMI will be self-insured for the amount of judgment rendered against it.

DPL

The CNMI Constitution requires that all revenues received by DPL in excess of the amount necessary to meet reasonable expenses of administration and management, land surveying, homestead development, and any other expenses reasonably necessary for the accomplishment of its functions, must be transferred to MPLT. Management of DPL has determined that the following transactions may have violated DPL's constitutional mandate:

- DPL transferred \$2,500,000 to the CNMI during the year ended September 30, 2010;

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

Notes to the Financial Statements  
September 30, 2016

(15) Contingencies, Continued

DPL, Continued

- Between March 2009 and November 2010, DPL reimbursed the CNMI \$1,395,459 for land compensation payments made by the CNMI and has recorded \$581,669 as due to CNMI for additional reimbursements;
- Between June 2010 and September 2014, DPL disbursed \$2,002,146 directly to the Northern Mariana Islands Retirement Fund which may have duplicated payments made by the CNMI and has subsequently recorded the amount as a fully reserved receivable.

The effects of potential noncompliance with the CNMI Constitution could not be determined by DPL management and are not reflected in the accompanying financial statements.

Budgetary Compliance

For the year ended September 30, 2016, expenditures of the General Fund exceeded budget at the program area level (i.e., the legal level of budgetary control) as follows:

<u>Program Area</u>	<u>Excess</u>
Health (Medicaid and medical referrals)	\$ 8,513,886
Employee benefits (payment to GHLITF)	\$ 4,289,735
Executive branch:

(16) Risk Management

The CNMI is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It is the policy of the primary government not to purchase commercial insurance for the risks of loss to which it is exposed. Instead, CNMI management believes it is more economical to manage its risks internally. In the event of claim settlements and judgments, the CNMI reports all of its risk management activities in its General Fund. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Total claims amounted to \$3,189,685, \$8,314,667 and \$1,363,940 for the years ended September 30, 2016, 2015 and 2014, respectively. Changes in the balance of claims liabilities during the past year are as follows:

As part of the U.S. Military's lease of Tinian, the CNMI Government, the former Marianas Public Land Corporation and the U.S. Government, setup an escrow fund pending the obtaining of all the private land holdings on Tinian within the leased area. Subsequently, the escrow was jointly terminated wherein it was mutually agreed the funds could be used by the CNMI to acquire the private land holdings through direct acquisition or legal condemnation proceedings. This agency fund represents the net amount available after the costs of land acquisitions. Land condemnation proceedings are still in process. At September 30, 2016, the CNMI recorded claims and judgments liability of \$1,393,609 related to land condemnation proceedings.

On June 15, 2015, the CNMI and a Corporation organized and operating under the law of the CNMI entered into an agreement to settle and extinguish the Corporation's existing judgment against the CNMI (Civil Action No. 04-0589) of \$5,919,850 using tax offsets and credits pursuant to 1 CMC 7207(a) and 1 CMC 7207(a) subsection (b). Of the total judgments, \$1,500,000 was assigned to another Corporation organized and operating under the law of the CNMI pursuant to Civil Action No. 02-0566C and was settled through reduced tax liability credits of \$1,000,000; \$1,454,730 was offset against delinquent tax liabilities of the Corporation; \$2,000,000 was assigned to an Estate pursuant to Civil Action No. 02-0566C and was agreed to be settled as estate tax liability credits for the period October 2015 to April 2017; the remaining amount of \$965,120 will be settled as tax liability credits to the Corporation during the period May 2017 to September 2017. Accordingly, in fiscal years 2016 and 2015, the CNMI reversed the \$1,323,315 and \$2,954,730, respectively, claims and judgment liability as a result of the settlement agreement. As of September 30, 2016, the claims and judgment liability related to this settlement amounted to \$1,641,805.

In addition, the CNMI reversed claims and judgement liability of \$5,000,000 related to its obligation on SO2 projects (see note 11).

(17) Pension and Other Postemployment Benefits Trust Fund

The CNMI contributed to NMIRF's defined benefit plan (DB Plan), a cost-sharing, multiple-employer plan established and administered by the CNMI. On September 30, 2013, the DB Plan was transferred to NMISF and the CNMI now contributes to NMISF. The CNMI also contributes to a defined contribution plan (DC Plan).

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

Notes to the Financial Statements  
September 30, 2016

(17) Pension and Other Postemployment Benefits Trust Fund, Continued

GASB Statement No. 45 requires employers to record other postemployment benefits (OPEB) expense for their contractually required contributions to the OPEB plan. The CNMI has complied with GASB 45 by recording OPEB expense based on the statutory determined contribution rate of NMISF. The CNMI's OPEB liability is incorporated into the Due to Pension (and Other Employee Benefit) Trust Fund liability amount. It is the understanding of the management of the CNMI that the statutory determined contribution rate of NMISF incorporates both the pension liability and the OPEB liability. GASB 45 also requires detailed disclosure of information related to the OPEB plan and CNMI management was unable to obtain this information from NMIRF and NMISF's financial reports. CNMI management is unable to obtain the required disclosures and is of the opinion that such information must be obtained from NMIRF and NMISF. It is the position of the management of the CNMI that NMIRF and NMISF are solely responsible for disclosure of OPEB information.

Defined Benefit Plan (DB Plan)

The DB Plan provides retirement, disability, security and other benefits to employees of the CNMI Government and CNMI agencies, instrumentalities and public corporations and their spouses and dependents. Benefits are based on the average annual salary of the beneficiary over the term of credited service. Public Law No. 6-17, the Northern Mariana Islands Retirement Fund Act of 1988, is the authority under which benefit provisions are established. Public Law No. 6-17 was subsequently amended by Public Law Nos. 6-41, 8-24, 8-30, 8-31, 8-39, 9-25, 9-45, 10-8, 10-19, 11-9, 11-95, 13-60, 15-14, 15-70, 15-126, 16-2, 16-36, 17-79, 17-82 and 18-02.

DB Plan members are required to contribute 6.5% and 9% of their annual covered salary for Class I and Class II members, respectively. On June 14, 2007, Public Law No. 15-70 was enacted to amend the NMIRF Act to improve the DB Plan's fiscal solvency. Public Law No. 15-70 provides for increasing employee contributions to the DB Plan by 1% per year beginning in fiscal year 2008 until reaching 10.5% for Class I members and 11% for Class II members. The actuarial contribution rate for fiscal year ended September 30, 2016 has yet to be determined. The actuarially determined contribution rate for the fiscal year ended September 30, 2010 is 72.7215% of covered payroll based on an actuarial valuation as of October 1, 2010 issued in October 2012. The established statutory rate at September 30, 2016 is 72.7215% of covered payroll. Public Law No. 15-126, authorizes the CNMI Government to remit only 18% of covered payroll and accrue the remaining as liability to NMIRF for fiscal year 2009. The employer contribution remittance was further reduced by Public Law No. 16-2 to 11% of covered payroll. On June 29, 2009, the CNMI was ordered to pay employer contribution of 16% beginning August 2009. Effective November 2009, the employer contribution was increased to 20%. On November 10, 2010, the CNMI was ordered to remit the employer contribution rate of 30% effective October 1, 2010.

On August 30, 2012, Public Law 17-79 was enacted to amend Title I of the Commonwealth Code to include the intent of the CNMI to participate in the retirement insurance system established by Title II of the U.S. Federal Insurance Contributions Act (FICA) and for participation to be extended to elected officials, employees, political subdivisions and instrumentalities of the CNMI. On September 11, 2012, Public Law 17-82 *CNMI Pension Reform Recovery Act of 2012* was enacted. Unless specifically exempted or authorized by federal law, Public Law 17-82 provides for mandatory membership of CNMI Government employees and elected officials in the U.S. Social Security system and authorizes employees, who elect to, to buy quarters of service in the U.S. Social Security system from contributions made to the DB plan. In addition, Public Law 17-82 provides active and inactive DB Plan members the option to voluntarily terminate membership in the DB Plan, withdraw or roll over contributions to the DC Plan and to participate in the U.S. Social Security system without termination of employment or penalty. Further, Public Law 17-82 allows the CNMI Government to continue remitting its 4% employer contribution to the DC Plan unless the employee ceases to contribute its employee share.

On March 11, 2013, Public Law 18-02 was enacted to amend certain provisions in Public Law 17-82. Public Law 18-02 requires class members who elect to terminate membership in the DB Plan to receive employee contributions with regular interest without penalty and without separating from government service. Further, Public Law 18-02 allows the CNMI Government to continue to withhold and remit the employee's portion to the employee's DB account with respect to employees who do not terminate membership in the DB Plan. All but fifty-two active employees voluntarily terminated membership in the DB Plan.

For the year ended September 30, 2016, the CNMI contributed to the U.S. Social Security system benefits of \$4,451,402.

On August 7, 2013, the District Court issued an order for the preliminary approval of Civil Case No. 09-00023, Class Action Settlement (the Settlement), between a retiree (individually and on behalf of similarly-situated persons) and the CNMI, NMIRF and others. The Settlement includes the creation of NMISF to accept the transfer of NMIRF assets, receive annual contributions and payments from the CNMI and to carry out the consent judgment entered by the District Court. On September 30, 2013, the District Court approved the Settlement.

As part of the Settlement, the CNMI agrees to make minimum annual payments to NMISF to allow for the payment of 75% of Class Members' full benefits annually during the NMISF's expected life and as determined by an independent actuary appointed by the NMISF Trustee and approved by the District Court. For the year ended September 30, 2016, the CNMI recorded payments to NMISF of \$30,000,000 and \$15,197,815, which relates to the fiscal year 2016 annual payment pursuant to Section 4 of the Settlement and payment of 25% of the class members full benefits, respectively.

Defined Benefit Plan (DB Plan), Continued

In addition, Section 5 of the Settlement requires class members who are employed by the CNMI or an autonomous agency and who did not terminate from the DB Plan pursuant to Public Law 17-82, as amended by Public Law 18-02, to continue to pay employee contributions as required by the laws of the CNMI existing as of August 6, 2013. Required contributions are remitted to NMISF and the CNMI and autonomous agencies make supplemental payments to NMISF in the amount of the employer contributions at the same contribution rates they were paying as of June 26, 2013. Accordingly, NMIRF has no obligations or duties to pay retirement benefits to class members. For the year ended September 30, 2016, the CNMI recorded contributions to NMISF of \$686,600.

Further, Section 8.1 of the Settlement assigns the CNMI the rights to collect deficient employer contributions and related costs as of August 6, 2013 from autonomous agencies. At September 30, 2016, the CNMI has not determined the amount of receivables from autonomous agencies.

Defined Contribution Plan (DC Plan)

On June 16, 2006, Public Law No. 15-13 was enacted which created the DC Plan, a multi-employer pension plan and is the single retirement program for all employees whose first time CNMI government employment commences on or after January 1, 2007. Each member of the DC Plan is required to contribute to the member's individual account an amount equal to 10% of the member's compensation. Public Law 17-82 requires the CNMI to contribute to each member's individual account an amount equal to 4% unless the employee ceases to contribute its employee share. The CNMI's recorded DC contributions for the years ended September 30, 2016, 2015 and 2014 were \$578,182, \$555,792 and \$553,304, respectively, equal to the required contributions for each year.

Members of the DC Plan, who have completed five years of government service, have a vested balance of 100% of both member and employer contributions plus any earnings thereon.

The contribution requirements of plan members and the CNMI are established and may be amended by the Board of Trustees of NMIRF.

All component units of the CNMI government reporting entity also contribute to the DC Plan. Separate actuarial valuations have not been performed for these separate component units.

(18) Restatements

Subsequent to the issuance of the CNMI's 2015 financial statements, CNMI management determined that certain amounts due to component units of the General Fund were overstated by \$5,000,000. Accordingly, account balances have been restated from amounts previously reported.

(18) Restatements, Continued

Subsequent to the issuance of the CNMI's 2015 financial statements, CNMI management determined that certain accounts payable of the Public School System were overstated by \$171,178 and that a liability for accrued retirement contributions of the Marianas Visitors Authority was overstated by \$918,774. Accordingly, account balances of the aggregate discretely presented component units have been restated from amounts previously reported.

(19) Subsequent Event

On March 17, 2017, USDOJ awarded \$777,000 to the CNMI for an ATP (Funding No. CNMI-CIP-2017-3 D17AP00016) for the development of a Facility Waste Management Plan for power plants 1 and 2 on Saipan, an SO2 project. On March 27, 2017, DOI awarded the CNMI additional funding of \$4,019,000 to its original ATP for the repairs of "Tank 103" and its secondary containment as required by the SO2. On March 29, 2017, USDOJ awarded the CNMI additional funding of \$204,000 to its original ATP to provide EEMC support for construction management and administration of the SO2 projects. Accordingly, these ATPs would satisfy the CNMI's 2017 SO2 obligation.

## COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

### Notes to Required Supplementary Information - Budgetary Reporting September 30, 2016

#### (1) Budgetary Information

Under Public Law No. 3-68, as amended by Public Law No. 3-93, the Governor submits a proposed budget to the CNMI Legislature by April 1 for the fiscal year commencing the following October 1. By July 1, the CNMI Legislature sets limits on expenditures by House Concurrent Resolution (a resolution originating in the House of Representatives which is passed by both the House and Senate). By September 1, the budget is legally enacted by the CNMI Legislature through passage of Annual Appropriation Acts. If a balanced budget is not approved before the first day of the fiscal year, appropriations for government operations and obligations shall be at the same level for the previous fiscal year. Budgetary control is maintained at the department level. To the extent not expended or encumbered, General Fund appropriations generally lapse at the end of the fiscal year for which appropriations were made.

Accounting principles used in developing data on a budgetary basis differ from those used in preparing the basic financial statements in conformity with GAAP. Amounts included on the Statement of Revenues, Expenditures and Changes in Deficit - Budget and Actual - General Fund (which are presented on a non-GAAP budgetary basis) are reconciled to unassigned deficit of the Governmental Fund Balance Sheet within the other changes in unassigned deficit section of that statement.

Encumbrance accounting is employed in governmental funds. For budgetary purposes, encumbrances (i.e., purchase orders, contracts) are considered expenditures when incurred. For GAAP reporting purposes, encumbrances outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be re-appropriated and honored during the subsequent fiscal year.

On September 29, 2015, the CNMI passed Public Law 19-08 as the Appropriations and Budget Authority Act of 2016 (the Act). The Act allocates local funds for the operations and activities of the Government of the CNMI, its agencies, its instrumentalities, independent agencies and political subdivisions and provides authority for government corporations for Fiscal Year 2016 commencing October 1, 2015 and ending September 30, 2016.

Expenditures may not legally exceed budgeted appropriations at the program area level. Certain activity levels within the General Fund have over expended budgeted appropriations; however, the effect of such over expenditures, if any, is presently not determinable.

#### (2) Explanation of Differences

Total revenues of \$204,721,104 reported under GAAP basis does not equal total revenues of \$203,021,104 reported under the budgetary basis due to \$1,700,000 of contract workers funds received from the U.S. Department of Homeland Security (USDHS) pursuant to US Public Law 110-229 for the purpose of funding ongoing vocational educational curricula and program development by the CNMI. The amount was included as other revenue in the governmental funds but was not included in the budgetary schedule. CNMI management has taken the position that these funds are not considered general fund revenues to be reported under the budgetary basis but are treated as pass-through funds from the USDHS. Of this amount, \$607,766 was transferred to NMC, \$193,860 was transferred to the CNMI Department of Commerce and \$898,374 was transferred to the Northern Marianas Trade Institute.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS

Notes to Required Supplementary Information - Budgetary Reporting  
September 30, 2016

(2) Explanation of Differences, Continued

The CNMI recognizes recovery based on identification of receivables. The CNMI budget does not reflect bad debts on the modified accrual basis. As of September 30, 2016, write-off of receivables amounted to \$2,724.

The amount reported as operating transfers in of \$19,609,938 under GAAP basis does not equal the amount reported as operating transfers in of \$14,933,302 under the budgetary basis due to: (a) \$1,396,636 in Compact Impact funds and (b) \$3,280,000 of transfers pursuant to Public Law 19-08 reported as operating transfers in the governmental fund financial statements but were reported as a reduction of expenditures for budgetary purposes.

The amount reported as operating transfers out of \$11,365,230 under GAAP basis does not equal the amount reported as operating transfers out of \$5,469,320 under the budgetary basis due to federal grants local match reported as transfers out in the governmental fund financial statements but were reported as expenditures for budgetary purposes.

The following reconciles budget to GAAP differences:

Net change in fund balance - budgetary basis	\$ <u>11,823,698</u>
Write-off of receivables	(2,724)
Encumbrances not recognized under GAAP basis	<u>4,456,103</u>
	<u>4,453,379</u>
Net change in fund balance - General Fund	\$ <u>16,277,077</u>

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS  
MAJOR GOVERNMENTAL FUND - GENERAL FUND

September 30, 2016

The General Fund is the CNMI's primary operating fund and is used to account for all financial transactions not accounted for in any other fund.

NMTIT Rebate Trust

This fund was created to account for at least 75% of amounts paid to the CNMI with respect to taxes. Amounts may be withdrawn from the trust fund only for the purpose of making rebates, payments into the General Fund (but only after a final determination that the amount in question is not validly subject to rebate), or payments into the General Fund of interest derived from the trust accounts.

Commonwealth Museum Fund

This fund was created by Public Law No. 10-5 to account for all funds received from legislative appropriations for the activities and operations of the Museum; fees generated by the Museum and all gifts, loans or other funds designated for any and all operations and activities of the Museum.

Human Resources Development Trust Fund

This fund was created by Public Law No. 5-3 to account for all revenues raised from the licensing of amusement machines. Public Law No. 5-3 was subsequently amended by Public Law No. 10-41, which required that funds collected under Public Law No. 5-3 to be transferred into the General Fund for general appropriation.

Micronesian Garment Manufacturing Fund

This fund accounts for settlement claims on behalf of certain garment workers.

Debt Service Fund

This fund accounts for the accumulation of resources, principally transfers from the General Fund for the payment of long-term debt principal and interest.

Judicial Building Fund

This fund was created by Public Law No. 7-25 to account for financing restricted to the construction and furnishing of the CNMI Supreme Court and Superior Court building. At September 30, 2016, the project was completed. Revenues generated by the court will be used to finance the debt service on the loan payable under Settlement Agreement.

Tinian Land Condemnation Fund

As part of the U.S. Military's lease of Tinian, the CNMI Government, the former Marianas Public Land Corporation and the U.S. Government, setup an escrow fund pending the obtaining of all the private land holdings on Tinian within the leased area. Subsequently, the escrow was jointly terminated wherein it was mutually agreed the funds could be used by the CNMI to acquire the private land holdings through direct acquisition or legal condemnation proceedings. This agency fund represents the net amount available after the costs of land acquisitions. Land condemnation proceedings are still in process.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS  
MAJOR GOVERNMENTAL FUND - SAIPAN AMUSEMENT FUND

September 30, 2016

This fund was created to account for funds collected for casino licensing fees and to allocate these funds pursuant to Public Law 18-38, as amended by Public Law 18-43 and further amended by Public Law 18-56. This fund also includes nonrefundable application fees to be expended by the Commonwealth Lottery Commission (CLC), without appropriation, for the investigation of license applicants pursuant to 1 CMC § 2318 and any other costs associated with reviewing the applications and granting or denying applications for the exclusive license. The expenditure authority for CLC is the Chairman.

See Accompanying Independent Auditors' Report.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS  
NONMAJOR GOVERNMENTAL FUNDS - SPECIAL REVENUE FUNDS

September 30, 2016

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Department of Public Lands

On February 22, 2006, Public Law 15-02 was enacted to repeal Executive Order 94-03 as codified, in Public Law 10-57, 12-33 and 12-71 to create the Department of Public Lands (DPL) within the Executive Branch of the CNMI Government and to transfer the obligations and responsibilities of the Marianas Public Lands Authority to DPL. DPL is responsible for administration, use, leasing, development and disposition all those lands defined as public lands by N.M.I. Const. Art.XI.1 or any other provision of law, subject to the provisions of P.L. 15-02 and except as limited by transfers of freehold interest to individuals, entities, or other government agencies. DPL's authority does not extend to the issuance of land use permits and licenses, except as specifically provided for in P.L. 15-02 and does not limit in any respect the authority of other Commonwealth agencies to issue permits and licenses pursuant to their respective enabling legislation.

Private Grants Fund

This fund accounts for all financial transactions related to miscellaneous grants that are not directly from the U.S. government. Included in this fund are transactions relating to grants from world organizations and private business organizations in the CNMI. The fund also includes State Small Business Credit Initiative (SSBCI), a federal program administered by the U.S. Department of Treasury to strengthen programs that support private financing to small businesses and small manufacturers. Funds received under SSBCI are not considered federal assistance or a grant for the purposes of Subtitle V of Title 31 of the U.S. Code.

Commonwealth Arts Council Fund

This fund was established through Executive Order No. 26 pursuant to Section 15 Article III of the Constitution. The fund accounts for financial transactions of the Commonwealth Arts Council related to the receipt of donations and gifts and the use of those funds.

Oil Overcharge Fund

This fund accounts for payments awarded to the 50 States, and U.S. territories and possessions, by the U.S. courts in settlement of charges against several U.S. oil companies that had violated U.S. Department of Energy price control regulations by overcharging their distributors and customers. The CNMI has received oil overcharge funds from the Warner, Exxon, and Stripper Well Cases that are restricted for use in several energy related approved programs.

Commonwealth Nonresident Workers' Fee Fund

This fund was created by Public Law No. 5-32, as amended by Public Law No. 10-66 to account for the collection of fees related to application and renewal certificates of nonresident workers and their immediate relatives. In accordance with the enabling legislation, the fees collected are to be appropriated by the CNMI Legislature for several educational and training programs administered through the Northern Marianas College and the Mayors' offices.

See Accompanying Independent Auditors' Report.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS  
NONMAJOR GOVERNMENTAL FUNDS - SPECIAL REVENUE FUNDS, CONTINUED

September 30, 2016

Commonwealth Alien Deportation Fund

This fund was created by Public Law No. 10-1 to account for the collection of nonresident workers' fees designated for the fund and for the expenditure of those funds in detecting and deporting illegal aliens.

Local Revenue Fund

This fund accounts for revenues generated under local senatorial district laws for use by the local governments of Saipan, Rota and Tinian. Such revenues are based on Saipan local laws 11-1 and 11-2 and Rota local law 11-1.

Saipan Trust Fund

This fund accounts for funds from the United States Government to develop the Saipan Marine and Fishing Complex.

Tobacco Settlement Trust Fund

This fund was created by Public Law No. 13-37 to account for all monies received from the Master Settlement Agreement. The monies must be used to implement programs and services to achieve the goals stated in Section 3 of Public Law 13-37.

Tobacco Control Fund

This fund was created by Public Law 13-38 to amend 4 CMC § 1402(A)(16) through (20) to restrict cigarette smoking and for other purposes.

Solid Waste Revolving Fund

This fund was created by Public Law 13-42 to provide financial support to the Commonwealth Solid Waste Management Systems and for other purposes.

Managaha Landing Fee Fund

This fund was created by Public Law 11-64 to account for revenues collected from commercial carriers who charge a fee to transport nonresident passengers to Managaha Island. Such fees are to be deposited into the Fund and will be expended exclusively on projects and for the construction, maintenance and operation of the Saipan Cultural and Performing Arts Center, the Saipan Youth Program, the Division of Public Lands, the Commonwealth Museum, and for the cultural heritage activities of the Indigenous and Carolinian Affairs Offices, in accordance with appropriations made by the Saipan and Northern Islands Legislative Delegation.

Qualifying Certificate Reserve Fund

This fund was created to account for the financial transactions of the Qualifying Certificate program.

See Accompanying Independent Auditors' Report.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS  
NONMAJOR GOVERNMENTAL FUNDS - SPECIAL REVENUE FUNDS, CONTINUED

September 30, 2016

MVA Trust Fund

This fund was created by Public Law 18-01 to account for revenues entitled to the Marianas Visitors Authority pursuant to Title 4 CMC § 1803. However, the Secretary of Finance may withhold up to 2.5 percent of the funds deposited for the purpose of funding revenue and tax personnel to enforce the provisions of Public Law 18-01 and other CNMI tax laws.

CNMI Scholarship Fund

This fund was created by Public Law 18-40 to account for all funds appropriated, donated or accruing to the benefit of the CNMI Scholarship Office and for the payments made therefrom as directed by the Board of Directors.

CNMI Workers' Compensation Commission (WCC) Fund

This fund was created by Public Law No. 6-33 which provides financial protection to both employers and employees for the catastrophic effects of work related injuries, illnesses or deaths. It is a social insurance plan that compensates employees for disabilities incurred from work related injuries regardless of fault. It is also a no-fault insurance program, solely paid for by the employer. The WCC ensures that private sector employers obtain and provide workers' compensation insurance coverage for their employees. The WCC also administers the CNMI government's workers' compensation self-insurance program. On November 9, 2012, Public Law 17-88 transferred administrative function of WCC from NMIRF to the CNMI Department of Commerce.

Judiciary Legal Services Fund

This fund was created by Public Law 18-36 to account for abandoned or unclaimed properties or monies held by the Commonwealth Judicial Branch. Monies in this fund must be used to pay for indigent legal services, pro se legal resources and payment of NMISF loan. The Chief Justice or a designee is the expenditure authority for this fund.

Commonwealth Casino Commission Fund

This fund was created by Public Law 19-24 to account for the financial transactions of the Commonwealth Casino Commission.

Miscellaneous Special Revenue Funds

The miscellaneous special revenue fund combines the following:

- Zoning Board Revolving Fund
- Joeten-Kiyu Library Revolving Fund
- Animal Health Revolving Fund
- Fish and Game Revolving Fund
- Tobacco License Fee Fund
- Probation Services Fund
- Outer Cover Marina Fund

See Accompanying Independent Auditors' Report.

COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS  
NONMAJOR GOVERNMENTAL FUNDS - CAPITAL PROJECTS FUNDS

September 30, 2016

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Commonwealth Development Authority Fund

This fund accounts for various capital projects funded by proceeds of general obligation bonds issued by the Commonwealth Development Authority.

Infrastructure Tax Fund

This fund was created by Public Law No. 8-23 which restricts the 2% Developers' Tax for funding of infrastructure by senatorial delegation.

Public Works Grants Fund

This fund accounts for various capital projects administered by the CNMI Department of Public Works and funded by the U.S. Department of Transportation.

American Memorial Park Fund

This fund accounts for capital projects at the American Memorial Park. These projects are partially funded by the earnings of the Marianas Public Land Trust - Park Fund, a nonexpendable trust fund.

Local Capital Projects Fund

This fund accounts for various capital projects funded by appropriations contained in Annual Appropriations Acts.

Private Capital Grants Fund

This fund accounts for various capital projects funded by various grants that are not directly from the U.S. government. Included in this fund are transactions relating to capital project grants from CNMI agencies and private business organizations in the CNMI.

See Accompanying Independent Auditors' Report.

Pension and Other Employee Benefits Trust Funds

Pension and other employee benefit trust funds are used to account for a Public Employee Retirement System, health and life benefits and workers' compensation benefits. These funds use the accrual basis of accounting and have a capital maintenance measurement focus. The basic financial statements reflect the balances and activity of the pension and other employee benefit trust fund of the Government, which are described below.

Northern Mariana Islands Retirement Fund (NMIRF)

NMIRF was initially established through CNMI Public Law (P.L.) 1-43, as amended by P.L. 6-17, to provide retirement security and other benefits to government employees, their spouses and dependents. NMIRF was governed by a seven-member Board of Trustees who appointed an Administrator who administered NMIRF in a manner that furthered its purposes. On September 30, 2013, District Court approved a Settlement Agreement between retirees, the CNMI, the NMIRF and others for Civil Case No. 09-00023. The Board of Trustees has not been renewed by the Governor and NMIRF is administered by the CNMI Secretary of Finance who serves as the Acting Administrator.

CNMI Group Health and Life Insurance Trust Fund (GHLITF)

GHLITF was created by Public Law No. 10-19 to ensure that CNMI Government employees are provided with medical and life insurance benefits, and that funds collected and disbursed for these purposes are administered in a fiscally sound and professionally accountable manner. GHLITF acts in a trustee capacity for health and life insurance coverage payments to the third-party providers. Contributions from employees and employers are based on rates agreed to by the Acting Administrator and the third-party providers.

Defined Contribution Plan (DCP)

DCP was created by Public Law 15-13 to provide an individual account retirement system for any person employed by the CNMI or its autonomous agencies. Participating employers include the CNMI, NMIRF, CGECU, CDA, CHCC, CPA, CUC, MPLT, MVA, NMC, NMHC and PSS. The NMIRF Acting Administrator is responsible for the general administration and operation of DCP. DCP, by its nature, is fully funded on a current basis from employer and member contributions. DCP is a voluntary multi-employer pension plan and is the single retirement program for all new employees whose employment commenced on or after January 1, 2007.
