

TINIAN Department of
COMMERCE

WHO ARE WE?

OVERVIEW:

The Tinian Department of Commerce mission is to enhance business opportunities throughout the community by effectively regulating and enforcing CNMI and Federal Laws.

Our goal is to provide efficient public services in processing licenses and permits to conduct business in the CNMI, and to create a fair and competitive nature of business, and to enforce laws and regulations in the area of alcoholic beverages, tobacco, betelnut, weights & measures, banking, insurance, and disseminating statistical information gathered by the CNMI and U.S. Government, and to assist businesses by providing educational program and business opportunities.

4 FTE's	\$119,735
TOTAL EXPENSE	\$155,164

FUTURE CHALLENGES:

As we proceed into the next fiscal year, there are three challenges: community safety/service, youth opportunity, and businesses, but the biggest challenge is COVID-19.

COMMUNITY SAFETY/SERVICE:

Before we can serve the community, safety must be our top priority. Meeting the needs of the community will require proper regulating on the enforcement side of the Weights & Measures and ABTC division.

YOUTH OPPORTUNITY:

We are focusing on after school programs and summer programs. This includes providing funds for sports and other kinds of open space activities.

BUSINESSES:

Although will be facing this COVID-19 pandemic, we will continue to work with businesses ensuring they continue to conduct business properly under COVID-19 Protocol.

Happy Holidays!

18-year-old entrepreneur, Miss Earth 2020, Julia Biton plans to open her business this year.
