

Criminal Justice Planning Agency

2022 CITIZEN CENTRIC REPORT

WHO ARE WE?

The Criminal Justice Planning Agency (CJPA) was established in 1980 under the Office of the Governor through Executive Order No. 16 which created the Northern Marianas Commonwealth Council for the Improvement of the Criminal Justice System. On November 20, 1998 pursuant to Public Law 11-47, CJPA's

Councils and authorities were created by law.

The Criminal Justice Planning Agency was established as the staff of the Supervisory Council, to function in a manner consistent with the Constitution and Laws of the Commonwealth and tasked to comply with the Federal Omnibus

Crime Control and Safety Street Act of 1968, as amended, and other related Federal Laws.

The Northern Marianas Commonwealth Council for the improvement of the Criminal Justice System, also known as the CJPA Supervisory Council, serves as the "Supervisory Body" for the administration of the U.S. Department of Justice (DOJ) grant programs for the CNMI and as a mechanism for cooperative action among the various law enforcement and criminal justice agencies and related community programs in the CNMI.

GOALS AND OBJECTIVES

The Criminal Justice Planning Agency is committed to providing service to the public and community programs by securing federal funds on critical criminal justice needs under the direction of the Governor, Supervisory Council and Youth Advisory Council. CJPA currently functions in a manner to achieve these two broad goals:

1. To successfully administer federal programs relating to the CNMI criminal justice system by preparing and developing annual state plan applications for federal funds that will benefit the CNMI criminal justice system and monitoring and evaluating criminal justice programs and projects funded under CJPA administered programs.
2. To advise and assist the Governor in developing policies, plans, programs, and budgets for improving the coordination, administration, and effectiveness of the criminal justice system in the Commonwealth.
3. To encourage comprehensive justice planning efforts.
4. To monitor, evaluate and coordinate programs and projects, funded in whole or in part by the Commonwealth Government, aimed at reducing crime and juvenile delinquency and improving the administration of justice.
5. To apply for, contract, receive and expend for its purposes any appropriations or grants from the Commonwealth, the Federal Government, or any other source, public or private, in accordance with the appropriate process.
6. To collect from any Commonwealth department, agency, instrumentality, office or other entity, information data, reports, statistics or such other material which is necessary to carry out the Council's or Agency's functions.

OUTLOOK

CHALLENGES

- **Funding:** CJPA is funded through local appropriations and federal grants. There is still a need for additional funding to build capacity and improve our daily operations.
- **Capacity:** CJPA currently has six staff. Some of the staff handle more than one grant. The need for additional staff will help our agency apply for more grants and be more effective in providing support for our sub-grantees.

Agency Highlights

Training: CJPA in collaboration with the Office of Justice Programs Territories Financial Support Center provided training for our sub-grantees. Through this training, our sub-grantees were able to get trained in areas such as: allowable costs, unallowable costs, desk audits, and preparing for site visits.

Renovations: CJPA through the Capitol Improvement Project under the Office of the Governor, renovated building 1314. Renovations are on-going and will be completed December of 2022. In addition, the interior of building 1315 was renovated and completed in September 2022.

LOOKING AHEAD

- **Collaboration:** CJPA will continue to collaborate with various government agencies, private entities, and federal agencies. Through collaboration we are able to find innovative ways to support our sub-grantees and our community.
- **Support:** CJPA will work on streamlining and improving its processes and procedures to provide better support to our sub-grantees and stakeholders.
