Our Challenges & Priorities

CHALLENGES

2022 has been a progressive year for the Municipality of Rota under the leadership of Honorable Efraim M. Atalig. Mayor Atalig has successfully pushed for Federal and State assistance for funding infrastructure projects such as the Typhoon Mangkhut Disaster Recovery, Community Development Block Grant, and finally addressing the funding issue for local share cost for all 2023 proposed federal projects. This year Mayor Atalig has continue fostering his relationship with the CNMI Office of Public Assistance regarding the final disposition of the FEMA Mangkhut projects on Rota.
